LETTER OF TRANSMITTAL

Healthy People, Healthy Saskatchewan

Dear Ministers Merriman and Hindley:

The Saskatchewan Health Authority (SHA) is pleased to provide you and the residents of our province with the SHA's *Annual Report to the Legislature 2021-2022*.

The annual report is a legislated requirement which demonstrates the SHA's commitment to transparency and accountability. This year's report includes the approved audited financial statements for the year ending March 31, 2022.

During the 2021-22 fiscal year, the SHA focused on enhancing health care for all Saskatchewan residents by concentrating on the following four areas:

- Effective COVID-19 response and recovery;
- Responsive mental health and addictions services;
- Improving team-based care; and
- Investing in health-care infrastructure.

By working toward these goals, we are aligning and integrating health services to ensure people receive high quality, timely health care, regardless of where they live in Saskatchewan. More information on these areas of focus is outlined in the *Ministry of Health Plan for 2021-22*.

Our commitment to a philosophy of patient and family centred care guides our activities and is the foundation for the values of safety, accountability, respect, collaboration and compassion.

Our commitment to accountability and transparency is demonstrated through SHA Board of Director meetings held publicly every quarter; our daily internal communications with more than 40,000 staff, 2,700 practitioners and 475 resident doctors; and our public communications through the SHA website (www.saskhealthauthority.ca), SHA's social media (Facebook, Twitter, Instagram) channels, and other regular engagement with community leaders and stakeholders.

The COVID-19 pandemic created unprecedented pressures on our health system this year, in particular during the Delta wave of infections that tested our hospitals and intensive care units, saw high demand at testing and assessment sites and the need for staffing strategies to support areas where workers were at home on self-isolation. At the same time, our vaccination campaign stood up quickly with mass clinic sites around the province, drive-through locations and targeted pop-up clinics to bring life-saving medicine directly to where people live, work and play.

As always, the progress achieved in the past fiscal year is due to the tremendous dedication and commitment of staff and physicians of the SHA and our many partners, including the patients, residents and families who are critical members of the health-care team. By working together as one organization, we have been able to manage and co-ordinate services through unprecedented challenges, and will emerge from these struggles stronger.

RESPECTFULLY SUBMITTED,

ARLENE WIKS

CHAIRPERSON

SASKATCHEWAN HEALTH
AUTHORITY BOARD OF DIRECTORS

VISION, MISSION, VALUES AND PHILOSOPHY OF CARE

Healthy People, Healthy Saskatchewan

HEALTHY PEOPLE, HEALTHY SASKATCHEWAN

PHILOSOPHY OF CARE

Our commitment to a philosophy of Patient and Family Centred Care is at the heart of everything we do and is the foundation for our values. This philosophy of care is in essence our culture – who we are, the shared purpose that brings us all together and how our patients and families experience care every day. Through meaningful engagement and co-creating mutually beneficial partnerships among employees, physicians, patients, families, clients and residents, together we ensure a seamless health system that supports *Healthy People, Healthy Saskatchewan*.

VISION

Healthy People, Healthy Saskatchewan

MISSION

We work together to improve our health and well-being. Every day. For everyone.

VALUES

SAFETY:

Be aware. Commit to physical, psychological, social, cultural and environmental safety. Every day. For everyone.

ACCOUNTABILITY:

Be responsible. Own each action and decision. Be transparent and have courage to speak up.

RESPECT:

Be kind. Honour diversity with dignity and empathy. Value each person as an individual.

COLLABORATION:

Be better together. Include and acknowledge the contributions of employees, physicians, patients, families and partners.

COMPASSION:

Be caring. Practice empathy. Listen actively to understand each other's experiences.

GOVERNANCE

Healthy People, Healthy Saskatchewan

The SHA is governed by the SHA Board of Directors. The Board consists of 10 voting members, appointed to three-year terms by the Lieutenant Governor in Council. The Board is accountable to the Ministers of Health to achieve the goals and objectives of the SHA, ensuring effective planning, delivery and evaluation of all health-care programs, on behalf of the residents of Saskatchewan.

The Board recognizes the paramount importance of patients and families as key in the delivery of the health-care services provided by the SHA. The Board incorporates the patient experience into its work to inform the strategic direction of the SHA.

The SHA governance system is outlined in *The Provincial Health Authority Act* and *The Provincial Health Authority Administration Regulations* supported by the General Bylaws of the SHA, and further detailed in the Governance Charter. The Governance Charter reflects the provincial legislation, direction, philosophy and principles governing the SHA – a large, complex, high profile and accountable public sector organization. The Governance Charter describes in detail the Board's accountabilities to, and relationships with, key stakeholders and the chief executive officer (CEO) inclusive of the CEO's authority and expectations. The governance philosophy is guided by the following principles:

- The Board provides strategic direction and leadership.
- The Board adheres to the highest ethical and legal standards in the conduct of its business.
- The Board makes decisions on the best available evidence.
- The Board's approach to governance is open: receptive to information that will enable the Board's work, responsive to the expectations of the public and transparent regarding the decisions that are made.
- Members are to act in the best interests of the Board as a whole.
- The relationship between the Board and the CEO is based upon trust, collaboration and clear understanding of roles and responsibilities of the Board and the CEO.

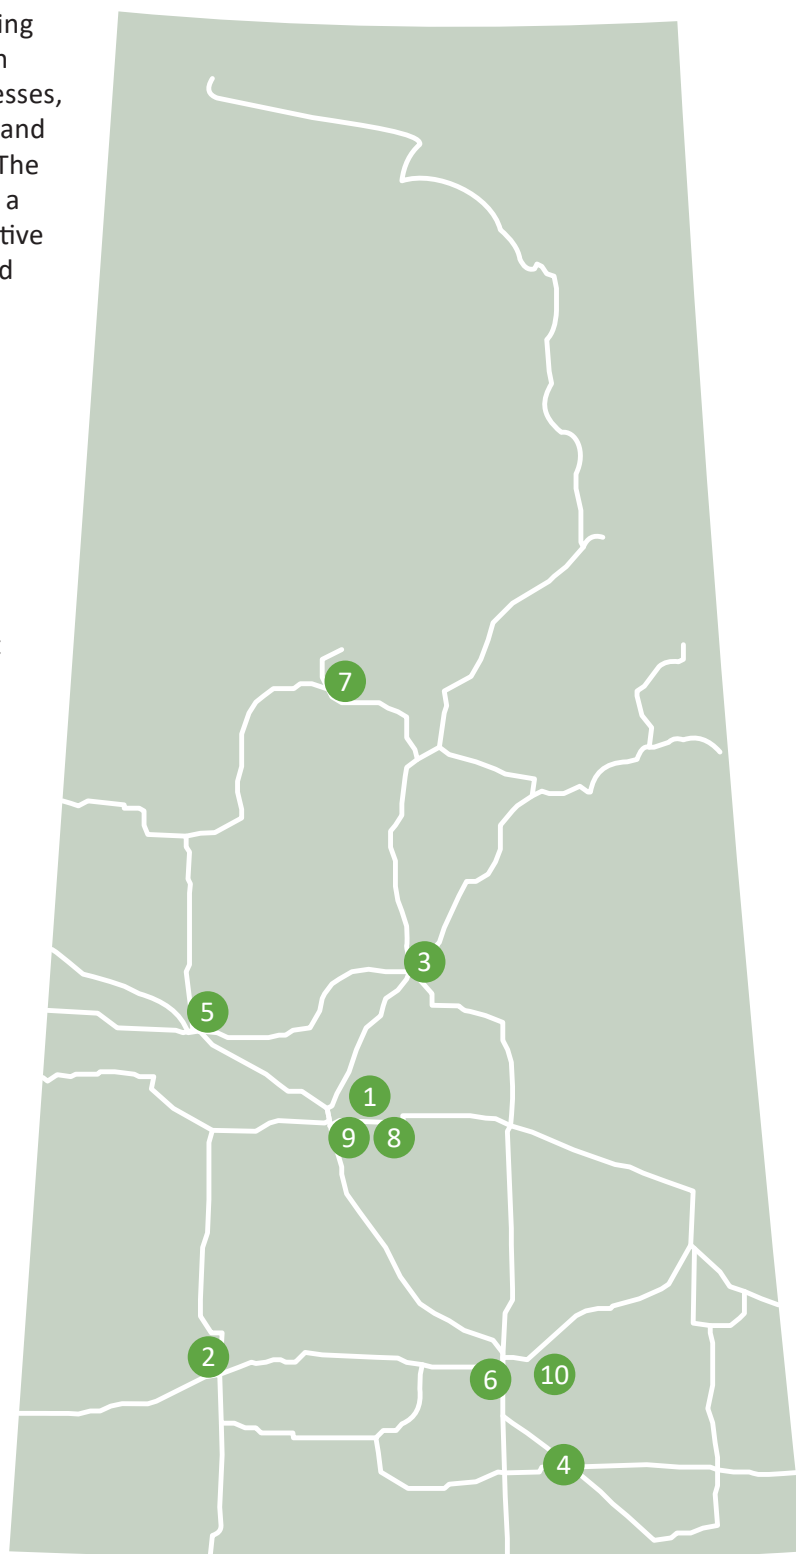

The Governance Charter also outlines the Board's structures and governance processes whereby strategic goals are set, key relationships are maintained, assets of the organization are safeguarded and quality care is supported in accordance with best practices, service excellence and national performance standards such as those of Accreditation Canada. The Board fulfills its governance role and responsibilities through the following committees of the Board chaired/co-chaired by Board members and formally appointed by the Board:

- Governance and Human Resources Committee;
- CEO Recruitment and Succession Committee;
- Quality and Safety Committee;
- Audit, Finance and Risk Committee;
- Board Practitioner Hearing Committee; and
- Practitioner Liaison Committee.

The SHA has also established an internal audit function that supports the SHA to accomplish its objectives by bringing a systematic and disciplined approach to evaluate and improve its operations. The chief audit officer (CAO) does this by providing insight and advice to help drive improvements in governance, risk management and control processes, balanced with assurance on key risk mitigations and controls through the completion of audit work. The CAO reports functionally to the SHA Board, with a dotted line to the CEO for day-to-day administrative matters to maintain the CAO's independence and objectivity.

SHA BOARD MEMBERS BY LOCATION

1. Arlene Wiks, Chairperson, Saskatoon
(from May 27, 2021)
 2. Tyler Bragg, Vice-Chairperson, Swift Current
(from May 27, 2021)
 3. Brenda Abrametz, Prince Albert
 4. Marilyn Charlton, Weyburn
 5. David Fan, North Battleford (from May 27, 2021)
 6. Gillis Lavalley, Regina (from May 27, 2021)
 7. Rosalena Smith, Pinehouse Lake
 8. Gary Zalos, Q.C., Saskatoon (from May 27, 2021)
 9. Tom Zurowski, Saskatoon
 10. Reginald Bellerose, Fort Qu'Appelle
(from March 18, 2022)
- ♦ *Judy Davis, Regina (to May 27, 2021)*
 - ♦ *Grant Kook, Saskatoon (to May 27, 2021)*
 - ♦ *Dr. Preston Smith, Saskatoon (to May 27, 2021)*
 - ♦ *Dr. Janet Tootoosis, North Battleford (to November 10, 2021)*

PROGRESS IN 2021-22 COVID-19 RESPONSE

COVID-19 + Offensive and Defensive Strategies

In 2021-22, the Saskatchewan Health Authority was tasked with advancing the following key actions in support of provincial targets:

Target	Continue to test and contact trace infectious individuals to reduce and contain the spread of COVID-19 in communities.
Key Actions	• Implement the COVID-19 Test to Protect Strategy to further enhance access to asymptomatic COVID-19 testing for health-care workers (HCWs), non-SHA agencies, organizations and industry partners. • Maintain the centralized contact tracing team to support rapid contact tracing and case investigation. • Implement COVID-19 Point of Care (POC) testing and HCW antigen testing in the acute care setting.
Target	Through community care and acute surge plans, ensure that the health system has the capacity to meet increased demands for COVID-19 care while continuing to provide essential services to non-COVID-19 patients.
Key Actions	• Maintain ongoing readiness of the acute care system to match incoming demand (including Intensive Care Unit [ICU]) while providing essential services to non-COVID-19 patients. • Maintain and update acute care surge plans based on modelling. • Maintain acute outbreak response teams. • Maintain outbreak investigation and outbreak management teams in communities. • Respond to immediate differential impacts of COVID-19 on socially vulnerable populations. • Assess and develop plans to address COVID-19 on vulnerable people and patients suffering long-term impacts of COVID-19.

Target	Continue to have a six-month supply of the six key items of Personal Protective Equipment (PPE), including face protection, eye protection, N95 masks, surgical masks, disposable gowns and examination gloves.
Key Actions	• Continue to monitor PPE supply and SHA usage of the six elements of pandemic PPE. • Partner with the Ministry of Health (MoH) in order to inform discussions with the National Logistics Advisory Committee.

The SHA based its response to the COVID-19 pandemic on a strategy of contain, delay and mitigate, and population health, doing everything possible to prevent the health system from being overwhelmed by COVID-19.

Health-care experts worked on strategies to implement what was needed in order to meet the challenges that COVID-19 presented to the provincial health system.

COVID-19 CASE INVESTIGATION

Case, contact and outbreak investigations remained key elements to containing and preventing further COVID-19 transmission in the third, fourth and fifth COVID-19 pandemic waves.

As COVID-19 positive cases surged, the Saskatchewan Health Authority's Public Health teams had to reassess and readjust their approach to prioritize the most impactful and effective strategies in case investigation and contact tracing work.

“Our teams were facing significant pressures and with the rising positive case counts, it became extremely challenging to keep up. We needed to modify our processes to handle the increased workload.”

JACQUIE HOLZMANN | OFFENSIVE STRATEGY CO-LEAD

The work of Public Health teams was maintained by expanding the public health workforce again to supplement and sustain case investigations during times of high transmission. In earlier waves of the pandemic, public health teams were supported by redeployed SHA staff as well as a supplemental workforce provided by Statistics Canada and Government of Saskatchewan public servants. These extra staff members were trained to conduct sensitive case and contact interviews to help support public health teams.

COVID-19 transmission during the **fourth wave (Delta wave)** created unprecedented demand. Unlike prior waves, this came with higher rates of transmission, particularly among the unvaccinated. This resulted in high rates of hospital admission and ICU occupancy.

The fifth wave (Omicron wave) although more transmissible than previous COVID-19 variants, caused less severe disease. Despite high numbers of outbreaks, even in high-risk congregated living settings, relatively fewer acute care transfers or ICU admissions were observed.

The emergence of the **Omicron variant** of concern with a shorter incubation period, changed the role and the efficacy of COVID-19 contact management as a containment strategy for COVID-19 virus follow-up. Contact tracing efforts shifted to infectious individuals living in high-risk, congregated settings only.

Through community care, teams shifted their COVID-19 management to other interventions:

- COVID-19 vaccines and booster doses;
- Self-directing individuals to manage their mild to moderate COVID-19 symptoms;
- Community-based care and primary care for COVID-19;
- Developing an efficient pathway for the testing and management of those eligible for treatment with new therapies such as antivirals, for example Paxlovid®; and
- Fast-tracking access for COVID-19 testing and management for those who live in, or provide care in high-risk settings.

“Taking this approach allowed our Public Health teams and other deployed personnel to return to provide services to other critical programs that may have been affected during service slowdowns.

It also gave us the opportunity to prioritize individuals where it was urgent to conduct a lab-based COVID-19 PCR test for reasons of patient safety (health-care workers and inpatients), vulnerable populations, long-term care facilities and other high-risk congregate living settings. This step added capacity to ensure proper investigation in critical areas, and outbreak prevention and control measures were actioned in a timely manner.”

DR. JOHNMARK OPONDO | MEDICAL HEALTH OFFICER AND OFFENCE STRATEGY CO-LEAD

COVID-19 + TESTING

During the second year of the pandemic, the “**Test to Protect**” strategy developed six tiers of prioritization for distribution of limited volumes of rapid antigen tests. This organized approach was approved early in the second and third pandemic waves, strategically positioning the Saskatchewan Health Authority and the Province of Saskatchewan as a leader in the distribution of self-administered COVID-19 rapid antigen tests in Canada.

TEST TO PROTECT

Rapid antigen tests were distributed to the following key sectors:

- Health-care workers
- Vulnerable populations (including congregate living, corrections, shelters, group homes, etc.)
- Schools and daycares
- First responders (EMS, Police, Fire)
- Physician and dental clinics

Distribution to individuals outside of these key sectors was transitioned to the Saskatchewan Public Safety Agency. Prior to the transition, the Saskatchewan Health Authority provided tests to these sectors on behalf of the Ministry of Health.

The SHA continues to focus on ensuring SHA health-care workers have access to rapid antigen testing for screening and diagnostic purposes as well as providing POC devices to the clinical areas that requested them.

“We ensured that we had a robust supply of rapid testing kits available for our staff and encouraged all our health-care workers to take the training to be able to test themselves and their households properly,” says Holzmänn.

Overall, approximately 75 per cent of health-care workers have taken the rapid antigen test training and are participating in regular testing.

In October and November, the SHA also implemented the use of Abbott ID NOW, a higher throughput COVID-19 Polymerase Chain Reaction (PCR) testing platform. Abbott ID NOW is a Point of Care PCR testing system used in acute care for detection of COVID-19. This instrument is used for bed placement and risk assessments prior to aerosol generating procedures. It has also been used for outbreak management.

“We were also able to use Abbott ID NOW to help staff return to work,” explains Holzmänn. “Health-care workers who tested negative on a rapid antigen test but were symptomatic had the opportunity to use Abbott ID NOW to either rule out or confirm a COVID-19 diagnosis quickly and easily.”

There are almost 200 devices utilized across the province and approximately 380,000 tests completed in acute care and for health-care workers.

By February 2022, as the use of rapid antigen tests became more widespread as a tool for diagnosing, the decision was made to preserve PCR testing for priority groups who were at elevated risk for severe outcomes. This decision also eased some staffing pressures at the testing sites and allowed staff to be redeployed to other service areas experiencing capacity issues.

“While there have been many challenges, we are proud of the work we have done with COVID-19 testing,” says Holzmänn. “As we make the transition to living with COVID-19, rapid antigen testing continues to play an important role in self-monitoring for the virus. We know health-care workers and many individuals are still relying on rapid antigen tests to help protect themselves and those around them.”

COVID-19

MEASURES TO OPTIMIZE

ACUTE CARE CAPACITY AND EMERGENCY DEPARTMENT FLOW

One of the many Connected Care strategies the SHA used to optimize acute care capacity throughout the pandemic was the utilization of discharge planning upon admission. This strategy allowed team members, in partnership with patients and families, to plan proactively for transitions through the continuum of care. Effective discharge planning helps ensure the necessary inpatient capacity exists to meet the incoming flow demands from emergency departments and other facilities, and ensures that patients feel supported to continue healing either at home or in a location that provides an alternate level of care.

Another key component to enhance acute care capacity was the redeployment of health-care staff. During the pandemic, a letter of understanding was negotiated with the five health-care unions that achieved the redeployment and reassignment of health-care workers (HCWs) from areas where services were curtailed to areas where more service was required to ensure the health and well-being of residents of Saskatchewan. During the 2021 fall peak, there were 277 HCWs redeployed to support acute or ICU services.

COVID-19

PROVINCIAL PATIENT TRANSFERS

In fall 2021, as part of the SHA's next level of activated surge response to growing COVID-19 cases, hospitals across the province embraced a collaborative, provincial approach to address growing system pressures by appropriately load-leveiling and repatriating patients from urban to rural or northern settings based on their care requirements.

In order to safely meet the unique care needs of all patients, the SHA transferred patients who no longer required specialized care in larger urban hospitals to an appropriate facility in rural and northern centres with skilled staff and available capacity as close to their homes as possible.

The transfers were necessary to manage hospital capacity across the province and ensure that growing demands were met as system capacity reached its peak due to a higher number of COVID-19 positive patients admitted. For all provincial patient transfers, our top priority remained the care of all Saskatchewan patients.

OUT OF PROVINCE ICU TRANSFERS

The Out of Province (OOP) ICU patient transfers were required in response to the high demands placed on ICU wards during the fourth wave of the COVID-19 pandemic and were informed by the ongoing provincial critical care daily huddles. Due to the dedication of our physicians, nurses and care teams, Saskatchewan ICUs were able to operate at approximately 140 per cent over capacity at times, and had reduced nurse-to-patient ratios in order to accommodate this increase in demand. Despite the SHA's best efforts to continue to provide care to Saskatchewan residents within their home province, collaboration with Ontario Critical Care was required to begin transferring patients to Ontario. The transfer process was informed by the experience of Manitoba during its Alpha wave, which resulted in multiple patients being transferred OOP, including receiving support from Saskatchewan.

PROVINCIAL INTENSIVIST PROGRAM

The Provincial Intensivist (PI) program was implemented during the fourth wave of the COVID-19 pandemic to act as a single provincial clinical source for critical care consult, advice and support. The program supported the ability to provide advice and consultation as well as load level and maximize the use of critical care beds for ICU patients throughout the province.

From the timeframe of October 8, 2021 to January 31, 2022, 331 calls were received through the System Flow Coordination Centre (SFCC), contributing to the management and coordination of critical care patient transports from all areas of the province. This process took a significant amount of work from many different stakeholders. Together, patient care was supported in a time where ICU capacity was stretched. There is no doubt that lives were saved and safe patient management was maintained as a result of this program.

SURGICAL SERVICES

To help address the surgical backlog and wait times that resulted from the pandemic, the SHA issued a Request for Information (RFI) for additional third-party surgical service delivery in an effort to gather information from potential private sector partners who may be interested in providing surgical services, post-operative therapies or other supports through publicly-funded third-party contracts.

The SHA worked in partnership with the Ministry of Health to evaluate all submissions. The results of the RFI were one of several components integrated into the Ministry of Health's multi-year surgical strategy and part of the SHA's long-term goal to achieve a three-month surgical waitlist by 2030.

Additionally, on December 9, 2021, the Government of Saskatchewan and the SHA announced aggressive actions to eliminate the COVID-19-related surgical backlog. Over the next several years, an emphasis will be placed on surgical procedures with high numbers of long-waiting patients. To help achieve this goal, the MoH and the SHA established a Surgical Executive Committee (SEC) comprised of senior leaders in the Ministry, the SHA and physician leaders.

Day Surgery team at the Pasqua Hospital in Regina.

PHASE TWO OF SHA'S SERVICE RESUMPTION PLAN

As ICU admissions and hospitalizations decreased, the SHA initiated Phase Two of its Service Resumption Plan towards the end of 2021. Health-care providers who were deployed to acute care services and ICUs returned to their home departments as COVID-19 pressures declined and overall ICU numbers enabled capacity to do so.

By the end of November, the SHA exceeded the service resumption targets set by the Government of Saskatchewan. Eligible staff that were originally redeployed to support areas like testing, contact tracing and outbreak management returned to their home positions. Staff redeployed to support ICUs and acute care services also returned to their home positions.

Meeting important targets meant services slowed since early September were able to partially or fully resume. Service resumption also occurred in the acute care setting including surgery, endoscopy, cardiosciences, ambulatory care and organ donation wherever possible.

COVID-19 OMICRON SURGE PLAN

As 2022 began and the Omicron variant emerged, the acute care teams pivoted to managing more patient needs in acute care beds rather than requiring high-level ICU support due to a decreased overall severity of this variant. As a result, the implementation of flagging patients as a COVID-19 Related Illness (CRI) versus Incidental COVID-19 Illness (ICI) became a key priority. This allowed the health-care system to begin integrating patients into their specialized service lines versus being managed in separate COVID-19 units. This shift facilitated more opportunities to manage patient volumes throughout the system as a whole. CRI versus ICI reporting became integrated into the SHA dashboard to help inform system leaders in an overall understanding of system health and demand requirements.

The SHA updated its COVID-19 surge plan based on the expected increase in demand and staff absenteeism due to the Omicron variant. This plan included five key strategies which helped to ensure that Saskatchewan patients continued to receive the best care possible:

- 1. Establishment of “Go Teams” of medical professionals that can quickly mobilize and deploy to help maintain continuity of key services across the province;**
- 2. Optimize acute care capacity and emergency department flow;**
- 3. Maintain enhancements to Emergency Medical Services that have been put in place to manage additional demand through previous COVID-19 case surges;**
- 4. Implement key provincial Human Resource (HR) strategies like cross training staff to meet multiple system needs and utilizing Supplemental Workforce Teams; and**
- 5. Time-limited, targeted service slowdowns when/where required.**

Elements of this proactive plan were implemented in instances where the province was experiencing a significant increase in acute care patients at hospitals, or when the health-care system faced potential staffing shortages in a situation where large numbers of health-care providers were away sick and required to recover or self-isolate due to COVID-19.

The SHA is committed to the principle that efforts to meet increased demand due to COVID-19 will be achieved through service slowdowns only where absolutely required and with a priority on ensuring they are time-limited and targeted. All efforts were made to ensure critical services continued at normal service levels throughout the duration of the Omicron surge.

COVID-19 + Vaccination

In 2021-22, the Saskatchewan Health Authority was tasked with advancing the following key actions in support of provincial targets:

Target	Implement COVID-19 immunizations across Saskatchewan.
Key Actions	• Follow the COVID-19 Immunization Delivery Plan, adjusting allocations and incorporating new vaccines. • Maintain safe and secure logistics and distribution of the COVID-19 vaccine. • Maintain immunization clinics across the province. • Optimize online booking system. • Develop and implement sustainment plan beyond completion of mass immunization campaign.

COVID-19 + Immunization

A YEAR INSIDE A HISTORIC IMMUNIZATION CAMPAIGN

After a successful launch to high-risk populations in December 2020 and January of 2021, Saskatchewan's delivery plans for the COVID-19 vaccine took a significant jump forward when in February 2021, Phase Two of the Immunization Rollout Plan was announced. The large-scale mass immunization plan was built on the success of Saskatchewan's influenza campaigns, integrating technological innovations into established best practices for designing and delivering immunization clinics across the province, in as many communities as possible, to ensure the vaccine was readily available for all.

Time and again throughout the winter months and into the spring, teams from across the SHA continued to remain nimble and responsive, adapting quickly to evolving science, changes to vaccine availability and eligibility, staffing challenges, and much more.

"The one thing consistent through all challenges – ones we saw coming and the unexpected ones, was a dedication to help each other and find innovative solutions to achieve our goal of immunizing the province," says Sheila Anderson, co-lead of the SHA's immunization campaign. **"I'm proud to work with such an amazing group of people who truly do care for each other and the people we serve."**

By mid-June 2021, over 910,000 first and second doses to residents aged 12 and older had been administered, leading the nation in the number of vaccines delivered in the first months of vaccine availability. Mass clinics were in operation throughout the province, and school immunization clinics in some areas provided added convenience for ages 12 to 17 to receive their vaccines. Despite all the amazing work done to get to this point, further efforts were required and the SHA needed to bring vaccines directly to the people. That meant shifting focus and creating mobile and pop-up clinics in unexpected places and removing the barriers that kept some people from being vaccinated.

Throughout the province, immunization clinics began to appear at the most unexpected places: Roughrider games, parks and beaches, golf courses, shopping malls, grocery stores, farmers' markets, and more. On several occasions, immunizers went door-to-door in small communities to offer vaccines to residents. The SHA had vaccines and were determined to get them in arms.

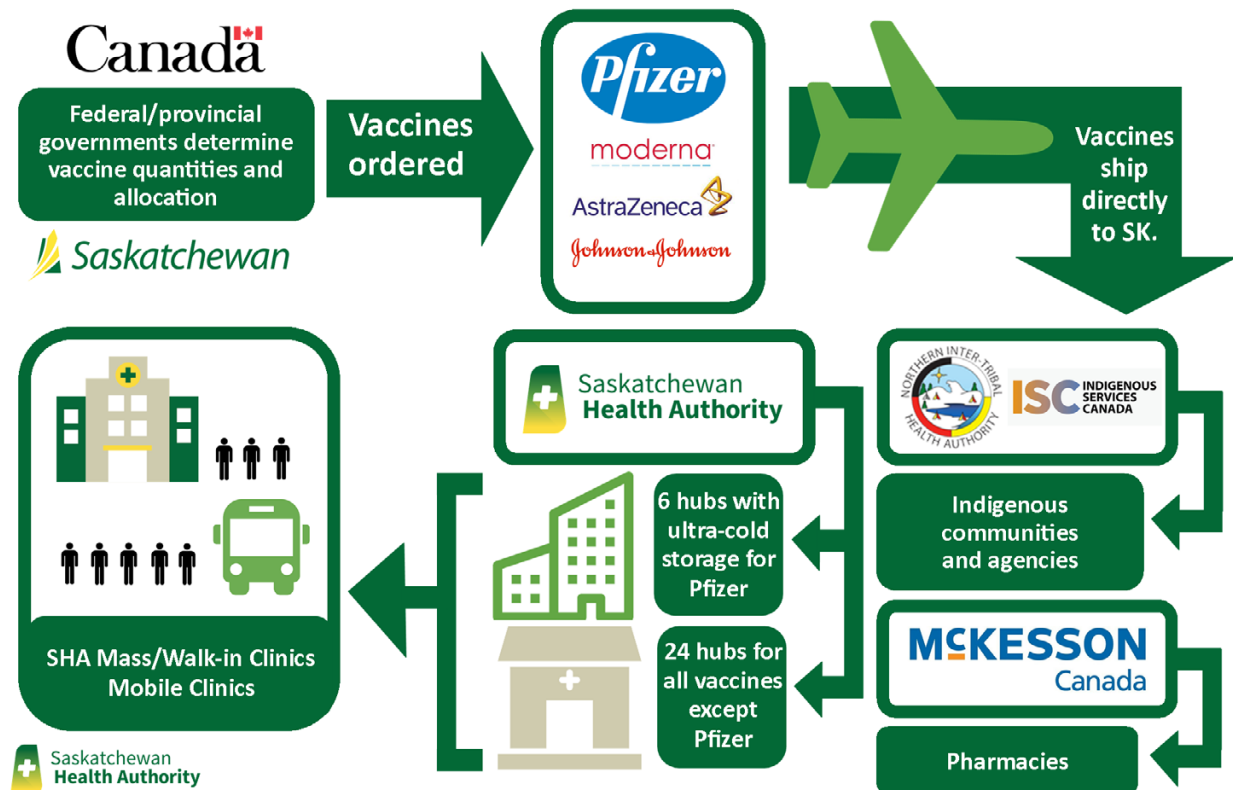

From June 15 to July 15 over 410,000 vaccine doses were administered, and by August 15 our total of first and second doses administered was over 1.4 million.

As summer drew to an end, immunization teams quickly divided their focus between protecting the most clinically vulnerable with boosters, continuing to give the rest of the population opportunities to become fully immunized and also offering influenza vaccines. With a strong infrastructure in place, and almost a year of non-stop vaccine delivery, the addition of the influenza vaccine was seamless, providing an opportunity for families to get COVID-19 and influenza vaccines during the same appointment.

COVID-19 team consisting of nurses and off duty firefighters working at the Regina Drive-Through Clinic.

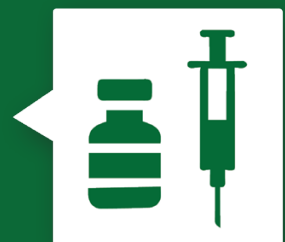

COVID-19 VACCINE JOURNEY

At the end of November, vaccines became available for 5-11 year-olds. Staff created tools and environments that felt safe and friendly to the children, and support teams worked hard to make sure parents and guardians had the resources and knowledge they needed to feel safe and informed. Pediatric doses of the vaccine were also smaller than what is given to adults, so additional training and safeguards were needed at clinics to ensure all vaccines available were kept separate and offered only to those eligible.

In December, all residents 18 years of age and older became eligible for booster doses; extending further to include 12-17 year-olds early in 2022. Also in January, fourth doses (second boosters) were being offered to residents of long-term and personal care homes. By March 31, 2022, Saskatchewan's largest immunization campaign in history was largely complete for all eligible populations, with more than 2.1 million doses administered to every Saskatchewan resident who wished to receive them, including nearly 1 million appointments made through the SHA Patient Booking System.

As Saskatchewan now transitions to a state where we are 'Living with COVID-19,' Public Health teams similarly are adjusting their approach to immunization away from mass clinics, instead towards targeted outreach efforts, partnerships with pharmacies and physician offices, and offering COVID-19 vaccines at the same time other childhood immunizations are provided. Work on this transition plan continues into 2022-23 and will be informed by clinical evidence that outlines best practices for ongoing protection from COVID-19 and its variants.

COVID-19 + Health System Recovery and Pandemic Planning

In 2021-22, the Saskatchewan Health Authority was tasked with advancing the following key actions in support of provincial targets:

Target	Design a process for renewal of the pandemic preparedness plan that reflects the COVID-19 experience and ensures responsiveness to emerging pathogens.
Key Actions	• Develop a plan to review the COVID-19 pandemic preparedness structure and system including assessing the emergency response structure, workforce planning strategies, public health system infrastructure, and any issues/challenges related to pandemic preparedness and response.

Work on this deliverable has begun; however, progress was delayed by the impact of both the Omicron and Delta waves on the health system. As a result, the key actions will be more fully addressed and completed in the 2022-23 fiscal year.

COVID-19 Communications

GETTING THE WORD OUT

Providing citizens with reliable information about protective measures, available services and changes to public health directives has been an important part of SHA's role in preventing the spread of COVID-19.

In 2021-22, some of these efforts included:

- Producing 333 news releases and public service announcements, 150 of which were related to COVID-19 vaccines (roughly 45 per cent of those issued);
- Preparing and issuing 245 issues of SHA Rounds and 88 issues of Leader Resources – two employee newsletters which were issued weekly pre-pandemic, and are now issued five and up to two times a week, respectively;
- Publishing 194 stories to SHA's website (www.saskhealthauthority.ca), 32 of which were a part of the Faces of the Fight series, which featured staff telling their own stories of life during the pandemic. A total of 51 Faces of the Fight stories were published since November 2020;
- Hosting 26 community town hall sessions, a new initiative in 2021-22;
- Preparing and providing a bi-weekly status update on COVID-19 developments to more than 1,000 stakeholders and community partners;
- Establishing a Community Champions Strategy – providing resources for community stakeholders to promote vaccination and infection control practices. This includes involving community partners and stakeholders in the creation of plans to engage with, encourage and remove barriers for the public to get immunized;
- Developing and uploading 3,337 Facebook posts in the 2021 calendar year, a 180 per cent increase over 2020 for a total reach of over 23.5 million;
- Posting 3,691 Twitter messages in the 2021 calendar year, a 201 per cent increase from 2020 for total impressions of 54.4 million;
- Launch of the SHA Instagram channel in July 2021, developing and uploading 160 posts for a total reach of over 181 thousand;
- Supporting more than 40 provincial news conferences on the SHA's role within Saskatchewan's COVID-19 response;
- Intake of more than 1,800 media inquiries, a 21 per cent reduction from the first year of the pandemic and 155 per cent higher compared to 2019 pre-pandemic levels;
- Two major advertising campaigns: everyday behaviours that can help to keep you safe; and immunization (all COVID-19 vaccine doses and seasonal Influenza). Additional marketing efforts also occurred in partnership with the Ministry of Health; and
- Launch of the new SHA website and employee intranet, allowing ease of access to information to public and staff, including online listings of all vaccination clinics and testing information. The public website alone received more than 13.6 million page views.

PROGRESS IN 2021-22

IMPROVE MENTAL HEALTH & ADDICTIONS SERVICES

In 2021-22, the Saskatchewan Health Authority was tasked with advancing the following key actions in support of provincial targets:

Target	Continue to address recommendations in the Mental Health and Addictions Action Plan (MHAAP).
Key Actions	- Enhance mental health, addictions and harm reduction services through continued implementation of 2020-21 initiatives and 2021-22 initiatives, such as implementation and operationalization of three navigation treatment buses (Regina, Saskatoon, and Prince Albert) and spreading naloxone access across the province. - Support the development and pilot an integrated youth services model and realign existing resources within the model to be implemented by March 31, 2022. - Implement year two actions within <i>Pillars for Life: The Saskatchewan Suicide Prevention Plan</i>. - Study and scope a plan to improve entry points and navigation for mental health and addictions services.
Target	Continue to advance priorities of the Drug Task Force, implementing shared priorities and finalizing the next multi-year action plan based on engagement with community stakeholders.
Key Actions	Create multi-year work plan and begin implementation by March 31, 2022.

In 2021-22, the SHA continued its commitment to improving access to mental health and addictions services to the residents of Saskatchewan. With the pandemic continuing to play a large role in the increasing number of individuals requiring access to mental health and addictions services, many centres saw requests for mental health services increase by up to 30 per cent. The SHA worked to reduce barriers to receiving necessary care by expanding services within communities across the province and implementing additional strategies and programs to bring mental health services to the people of Saskatchewan in new and exciting ways. SHA initiatives included:

- Launching a new pilot program in December 2021 serving rural southeast Saskatchewan, helping children and youth with mild to moderate mental health issues receive assistance quicker;

Introducing therapy dog teams to vaccination clinics through a partnership with St. John Ambulance and the University of Saskatchewan. This strategy proved to be invaluable, helping children and adults alike receive their vaccinations who would not have been able to otherwise; and

- Assisting some of our most vulnerable citizens with receiving their COVID-19 vaccinations who would be unlikely to access vaccine clinics otherwise. The Mental Health and Addictions Services (MHAS) teams utilized existing relationships between themselves and their patients to facilitate open and honest discussions around vaccine hesitancy and address other barriers related to receiving a vaccination. In doing so, the Regina based MHAS team vaccinated more than 600 individuals who might not access vaccines on their own.

Work within the SHA continued to be guided by recommendations outlined in the Mental Health and Addictions Action Plan (MHAAP). Enhanced residential supports are a key recommendation under this plan. This year saw the completion of two projects to increase the number of mental health treatment beds across the province which assist individuals recovering from substance use disorders including crystal meth, opioid and alcohol addictions.

As part of a \$1 million 2019-20 provincial budget commitment to provide an additional 50 pre- and post-treatment addiction beds throughout the province, the 2021-22 fiscal year saw the completion of this project, with 77 treatment beds now open across Saskatchewan. The first beds began operating in Lloydminster in November 2020, and beds in Prince Albert opened in March 2022. Treatment beds are operated by community-based organizations (CBOs) that work closely with local SHA MHAS teams and are located in communities including:

- Prince Albert, with four pre-treatment and four post-treatment beds. Services are provided by the Young Women's Christian Association (YWCA);
- Saskatoon, with five pre-treatment and five post-treatment beds. Services are provided by Oxford House;
- Lloydminster, with 12 beds (six pre-treatment and six post-treatment). Services are provided by Residents in Recovery: Sober Living; and
- Regina, with eight post-treatment beds serviced by Pine Lodge.

Secondly, the Saskatoon Youth MHAS team launched their new Community Recovery Team (CRT) in the spring of 2021, which saw 10 new treatment beds opened in July through EGADZ, a CBO that provides at-risk youth a continuum of housing. The CRT works alongside the EGADZ team to increase access to mental health care for these youth.

Additional priorities for the 2021-22 fiscal year established together with the Ministry of Health included:

- Continuing to advance priorities of the Drug Task Force (DTF), a group of leaders from government, police and the SHA focused on addressing the high numbers of overdose rates across Saskatchewan. In the fall of 2021, the DTF met with individuals with lived experience, family members and advocates to identify strategies to reduce the number of overdose-related deaths across the province. These strategies included hot-spotting, community drug alerts and community engagement and partnerships, and will form the work of the DTF in 2022-23.
- Enhancing mental health, addictions and harm reduction services.
 - Twelve new provincial addictions treatment beds opened at St. Joseph's Hospital in Estevan in the fall. Additional counsellors and support workers have been added to accommodate the increase in patients;
 - As of March 31, 2022, 15 pilot placement sites have been recruited to co-locate nasal naloxone alongside Automated External Defibrillators (AEDs) and are operational; and
 - The number of pharmacies participating in the Take Home Naloxone (THN) program, providing free training and naloxone kits to Saskatchewan residents who are at risk of an opioid overdose and/or might witness an opioid overdose, has increased. As of March 31, 2022, the program has been implemented in 84 pharmacies, exceeding the initial goal of 70.
- Implementing second-year actions within the *Pillars for Life: The Saskatchewan Suicide Prevention Plan* including improved psychiatric access for patients across Saskatchewan, particularly in emergency rooms in the Northwest, expansion of mental health first aid training programs province-wide and local suicide prevention initiatives with a focus on youth living in northern communities.

PROGRESS IN 2021-22

IMPROVE TEAM-BASED CARE

In 2021-22, the Saskatchewan Health Authority was tasked with advancing the following key actions in support of provincial targets:

Target	Continue to enhance health services and care in the community through ongoing maturity of Health Networks with interdisciplinary teams.
Key Actions	- Continue to support COVID-19 response and recovery. - Continue to realign SHA resources to Health Networks to support local health service needs.
Target	Continue to recover from the impact of COVID-19 related surgical service slowdown, and set the stage to achieve a three-month surgical wait time by 2030.
Key Actions	- Allow for health system recovery (nurses and support staff), re-allocate staff back to home service lines, and build capacity to complete planning efforts. - Develop a plan and options to achieve progressive multi-year wait time targets, with initial focus on 2022-23 plan and timely recovery to pre-COVID-19 wait list numbers. - Finalize plan to achieve the funded base volume of 93,000 surgeries in 2021-22 (at a minimum) and ensure no patients are on the wait list longer than 24 months. - Finalize, implement and review a surgical service model line with replication plans to spread to other surgical services. - Complete Operating Room Manager implementation in Regina. - Finalize a training and recruitment plan and optimize surgical networks to develop and sustain high performing collaborative surgical teams.
Target	Develop an electronic shared care plan to support seamless team-based care and improved care planning between hospitals and community-based services to improve quality and safety.
Key Actions	By March 31, 2022, Phase One planning for three clinical focus areas is initiated. Work with partners (SHA, eHealth, MoH) to establish reporting structure and monitor progress towards established target.

Target	Reduce Emergency Room (ER) wait times.
Key Actions	• Reduce ER wait-times for patients who visit emergency departments for less severe needs (i.e. patients triaged as Canadian Triage Acuity Scale levels 4 and 5). • Implement and report on the effectiveness of the 11 approved Patient Flow initiatives.

Team-based care remains the SHA's focus in our hospitals and communities across Saskatchewan. Numerous initiatives were carried out throughout the 2021-22 fiscal year to decrease wait times, reduce surgical backlog and improve patient care for residents, including:

- Developed an action plan in December 2021 with targets to reduce surgical backlog and expand ICU capacity. Initial targets include performing an additional 7,000 surgeries in 2022-23, expanding permanent ICU beds to 90 by June 2022 and adding 10 high acuity beds in Regina by spring 2022;
- Implementing Home Health Monitoring (HHM) in Saskatoon in February 2022, providing a strategy for essential family/support persons to assist with care and quality of life needs and allowing patients to be active participants in their care;
- Leveraging community paramedicine services to provide non-urgent care to patients in their homes and/or locations outside of ERs, thereby helping reduce ER wait times. Thirty-nine ambulance services across Saskatchewan are involved in the program with services including oxygen administration, immunization, wellness checks and mental health supports;
- Offering the virtual triage program through HealthLine 811, allowing residents across the province to speak to a physician through HealthLine 811. Approximately 67 per cent of those accessing this service were able to be treated virtually; and
- Allowing the health system to recover from the impact of COVID-19 by relocating all staff back to original positions and resuming all services that remained slowed due to the pandemic, with the final service resumption issued in March 2022.

Plans to develop an electronic shared care plan to support team-based care and improve care planning between hospitals and community-based services were postponed for the 2021-22 fiscal year due to ongoing pressures related to the pandemic. This initiative will be revisited in 2022-23.

Due to a combination of patient, staff and physician illness related to the Omicron wave, surgical targets outlined in the *Ministry of Health Plan for 2021-22* were not met. Despite this however, surgical volumes increased compared to the previous year.

The SHA looks forward to continued focus on team-based care to improve patient outcomes in the future.

PROGRESS IN 2021-22

INVEST IN HEALTH-CARE INFRASTRUCTURE

In 2021-22, the Saskatchewan Health Authority was tasked with advancing the following key actions in support of provincial targets:

Target	Continue progress towards the planning, design, procurement and construction of major capital projects, including Prince Albert, Weyburn, Urgent Care Centres and Yorkton.
Key Actions	• Urgent Care Centres in Regina and Saskatoon, Long-Term Care Centres in Grenfell and La Ronge: Construction underway by end of fiscal 2021-22. • Meadow Lake Long-Term Care (LTC): Construction and occupancy complete by end of fiscal 2021-22. • Progress on all other projects: ◦ Prince Albert Victoria Hospital ◦ Yorkton Hospital ◦ Urgent Care Centres (Regina and Saskatoon) ◦ Regina Provincial Hospital Electrical System Renewal ◦ Meadow Lake Long-Term Care ◦ La Ronge Long-Term Care ◦ Grenfell Long-Term Care ◦ Regina Pioneer Village Long-Term Care ◦ Estevan Long-Term Care ◦ Watson Long-Term Care
Target	The Administrative Information Management System (AIMS) will be operational.
Key Actions	• Position the new AIMS system for a successful go-live through technical development, business readiness, change leadership and communications requirements.

INVESTING IN HEALTH-CARE INFRASTRUCTURE

While the SHA's focus remained largely on its pandemic response, the organization continued to move forward with a number of infrastructure projects throughout 2021-22 in partnership with the Ministries of Health and SaskBuilds and Procurement to ensure hospitals, clinics and other health facilities are safe for patients and employees and continue to meet the needs of a growing province. Key initiatives included:

- Continuing construction on the 72-bed Northland Pioneers Lodge Long-Term Care facility in Meadow Lake, now named the North West Community Lodge, replacing the existing 53-bed facility. Due to delays caused by supply chain challenges, construction of the facility was nearing completion by the end of 2021-22 rather than by September 2021, and is on track to be finished in the first quarter of the 2022-23 fiscal year, with staff and patients moving in soon after;

Development of Urgent Care Centres in Saskatoon and Regina as alternatives to emergency departments for non-life threatening illnesses or injuries including mental health and addictions, diagnostics and laboratory services. By March 31, 2022, Graham Construction, the project's construction manager, had moved equipment onto the site to begin construction of the Regina Urgent Care Centre. The new facility, located at 1350 Albert St., is estimated to be completed by the summer of 2023. Site selection was underway in 2021-22 for the Saskatoon Urgent Care Centre and is expected to continue into 2022-23;

- Site selection completed in December 2021 for a new long-term care facility in Grenfell to replace the previous 33-bed facility. This facility is to be situated on a vacant parcel of land owned by the Town of Grenfell. A request for proposal (RFP) is to be issued in 2022-23 with projected completion of the project in 2024;
- A continued commitment to build new long-term care facilities in La Ronge, Watson, Estevan and Regina, with all projects in various stages of development;
- The Prince Albert Victoria Hospital renewal project, an investment of more than \$300 million, which is to include a new acute care tower, the replacement of existing mental health space and renovations to the current facility, resulting in a 40 per cent increase in the number of hospital beds. A request for quotes (RFQ) was issued in December 2021, which is planned to be followed by an RFP in 2022-23 for the Design Build contractor. The expansion is expected to be completed in spring 2025 while renovations of the current structure are anticipated to conclude in fall 2026;
- Continued development of all stimulus funded maintenance projects. Due to COVID-19 related challenges, including supply chain shortages and an inability to obtain materials, some projects were incomplete by the end of the fiscal year and work will carry over into 2022-23. As of March 31, 2022, the SHA had delivered in excess of \$80 million in stimulus funded maintenance projects.

ADMINISTRATION INFORMATION MANAGEMENT SYSTEM (AIMS)

A project years in the making, much work was accomplished in 2021-22 to prepare for the official launch of AIMS: a new business administration system that will replace 82 non-integrated systems with a single software solution. The new system will support a variety of functions including payroll, finance and supply chain, and impacts all health organizations in Saskatchewan, not solely the SHA. Unifying the health system under AIMS will contribute to the goals of:

- **Better Health and Better Care**
through an improved ability to forecast and meet resource needs, providing the right resources, at the right time and place, in the right amount for optimal patient care;
- **Better Value**
through economies of scale and reduced integration issues; and
- **Better Teams**
through providing a consistent and positive experience for health-care professionals, leading to a more consistent and positive experience for patients.

As the new system will impact all staff members at the SHA, a tremendous amount of time in the last year has been spent planning for the new system, testing how the system functions, ensuring business readiness across the organization, identifying and mitigating risks, engaging stakeholders and communicating broadly about the changes to come.

PROGRESS IN 2021-22

ADDITIONAL SHA STRATEGIC INITIATIVES

In addition to those initiatives outlined in the *Ministry of Health Plan for 2021-22*, the SHA identified and made progress towards four further areas of focus.

Supporting and Improving Staff Well-Being and Health

Throughout the COVID-19 pandemic, ensuring the health and well-being of health-care workers, physicians and leaders has been critical. The enduring and ever-evolving pandemic continues to contribute to challenging situations. Caring and having compassion for ourselves and each other by acknowledging and effectively managing stress, both acute and cumulative, is key to building individual and collective resilience over time.

The SHA strives to cultivate a resilient workplace and culture which has the ability to be persistent, adaptable, forward-thinking and positive. Key activities this past year to support staff health and well-being included offering a comprehensive spectrum of resources and supports, using digital tools to support leaders in better understanding their personal resilience, offering educational opportunities on a variety of mental health-related topics and providing on-site mental health supports to highly impacted areas of the province.

Health Human Resources

Work began in early 2022 on the development of the SHA's Health Human Resources strategies necessary to position our health-care teams for success in the short- and long-term by focusing on three goals: stabilizing and enhancing critical services, strengthening our commitment to provide care closer to home and creating a representative, diverse, inclusive and culturally responsive workforce.

Rural and Remote Service Stabilization

The SHA is taking steps to identify and address disruptions to health services in rural and remote communities across Saskatchewan to ensure residents of these communities have access to reliable health services, as close to home as possible. Short-term key actions include identifying strategies to stabilize the SHA's workforce in rural and remote areas and centralized service disruption reporting.

Supporting the Transition of Extendicare's Saskatchewan Operations into the SHA

Five Extendicare long-term care homes are located across Saskatchewan with three in Regina, one in Saskatoon and one in Moose Jaw. Together, these homes care for approximately 550 long-term care residents.

The SHA and Extendicare first entered into a co-management agreement in December of 2020 in response to a COVID-19 outbreak at Extendicare Parkside in Regina. During the outbreak, the SHA led the day-to-day operations, which included deploying SHA staff to the facility, reviewing and adjusting clinical and operational policies and procedures, and revising care plans. Control of operations was returned to Extendicare in February 2021.

In August 2021, the SHA entered into a co-management arrangement with all five of Extendicare's homes in Saskatchewan following the release of the Ombudsman's report regarding the outbreak at the Parkside facility. After careful deliberation and assessment in October 2021, and with the support of the Government of Saskatchewan, it was decided that the delivery of services at all five homes would permanently transition to the SHA, with Extendicare agreeing to work collaboratively to ensure a seamless transfer of services. Completion of this transfer is expected to conclude in 2022-23.

MANAGEMENT REPORT

Healthy People, Healthy Saskatchewan

June 1, 2022

Saskatchewan Health Authority
Report of Management

The accompanying consolidated financial statements are the responsibility of management, and are approved by the Saskatchewan Health Authority Board of Directors. The consolidated financial statements have been prepared in accordance with Canadian Public Sector Accounting Standards and of necessity include amounts based on estimates and judgements. The financial information presented in the annual report is consistent with the consolidated financial statements.

Management maintains appropriate systems of internal control, including policies and procedures, which provide reasonable assurance that the SHA's assets are safeguarded and the financial records are relevant and reliable.

The Board delegates responsibility for reviewing the consolidated financial statements and overseeing management's performance in financial reporting to the Audit, Finance and Risk Committee. The Audit, Finance and Risk Committee meets with the Board, management and the external auditors to discuss and review financial matters and recommends the consolidated financial statements to the Board for approval. The Board approves the annual report and, with the recommendation of the Audit, Finance and Risk Committee, approves the consolidated financial statements.

The appointed auditor conducts an independent audit of the consolidated financial statements. The auditor's report expresses an opinion on the fairness of the consolidated financial statements prepared by management.

SASKATCHEWAN HEALTH AUTHORITY

FINANCIAL OVERVIEW

Healthy People, Healthy Saskatchewan

The SHA used Canadian Public Sector Accounting Standards (PSAS) to prepare its financial statements for the year ended March 31, 2022. SHA financial statements are prepared on a consolidated basis and include the following legal entities:

- Health Shared Services of Saskatchewan (3sHealth)
- St. Paul's (Grey Nuns) of Saskatoon

ANNUAL OPERATIONS

For the year ended March 31, 2022, the SHA recorded a consolidated surplus of \$41.5 million compared to a surplus of \$200.0 million in 2020-21. Included in this is a surplus of \$22.5 million from operations of the SHA, a surplus of \$15.4 million from capital accounts, and nominal amounts from 3sHealth and community trust accounts.

ACCUMULATED SURPLUS

The accumulated surplus includes the operating, capital and community trust funds and is an accumulation of all operations financial results of the current and prior years. The accumulated surplus as at March 31, 2022, was \$1.56 billion, compared to \$1.52 billion as at March 31, 2021. This includes designated assets, which are assets that have been formally designated by the authority to indicate the authority's intention to use those assets for a specific purpose. The SHA Board of Directors continues to formally designate Ministry of Health (MoH) and Alberta Health Services (AHS) capital funding, unspent donations and Saskatchewan Housing Corporation (SHC) reserves. Designated assets totalled \$96.4 million as at March 31, 2022, compared to \$104.9 million as at March 31, 2021.

REVENUES

During the 2021-22 fiscal year, revenue totalling \$5.02 billion was recorded, an increase of 2.2 per cent over 2020-21, and a favourable variance from budget of \$490.3 million. The overall distribution of revenues remained consistent with the prior year. The MoH transfers accounted for 90.9 per cent of SHA total revenues (2020-21 – 91.5 per cent).

MoH unbudgeted revenue includes one-time grant funding for operating pressures of \$139.0 million (\$75.0 million in 2020-21), and COVID-19 funding of \$245.4 million. In total, MoH COVID-19 funding was \$335.4 million in 2021-22 (\$334.8 million operating and \$0.6 million capital) compared to \$373.1 million in 2020-21 (\$342.8 million operating and \$30.3 million capital). Federal government targeted funds received and recognized as revenue in 2021-22, but to be expensed in 2022-23, amounts to \$21.9 million (\$29.8 million in 2020-21).

Patient fees including reciprocal billings remained at 3.0 per cent of total revenue in 2021-22, unchanged from the prior year. The SHA also recognized donated personal protective equipment (PPE), equipment, staffing salaries and other supplies from the federal government, as well as rapid antigen test kits from the MoH, as donation revenue.

SHA CONSOLIDATED REVENUE COMPARISON TO THE BUDGET AND PRIOR YEAR

Revenue (In Thousands of Dollars)	Budget 2022	Actual 2022	Variance Over (Under)	Actual 2021	Increase (Decrease)	% of Total Revenue 2022
Ministry of Health	\$4,169,845	\$4,563,002	\$393,157	\$4,492,598	\$70,404	90.9%
Other Government	93,172	96,722	3,550	95,893	829	1.9%
Patient and Client Fees	119,732	121,713	1,981	120,448	1,265	2.4%
Out of Province (Reciprocal) & Out of Country	38,875	28,968	(9,907)	27,048	1,920	0.6%
Donations	15,400	73,191	57,791	54,925	18,266	1.5%
Ancillary	27,199	23,452	(3,747)	15,695	7,757	0.5%
Recoveries	44,240	87,346	43,106	84,077	3,269	1.7%
Other	18,575	22,967	4,392	19,644	3,323	0.5%
Total Revenues	\$4,527,038	\$5,017,361	\$490,323	\$4,910,328	\$107,033	

EXPENSES

Expenses of \$4.98 billion were incurred by the SHA in 2021-22, compared to budgeted expenses of \$4.51 billion, resulting in an unfavourable variance of \$470.5 million. This is an increase of \$265.6 million compared to 2020-21.

Expenses by function are highlighted in the following table and remain broadly consistent with the prior year as a percentage of total expense.

SHA CONSOLIDATED EXPENSES BY FUNCTION COMPARISON TO THE BUDGET AND PRIOR YEAR

Expense by Function (In Thousands of Dollars)	Budget 2022	Actual 2022	Variance Over (Under)	Actual 2021	Increase (Decrease)	% of Total Expense 2022
Inpatient and Resident Services	\$1,717,384	\$1,884,990	\$167,606	\$1,833,684	\$51,306	37.9%
Ambulatory Care Services	318,424	345,506	27,082	319,766	25,740	6.9%
Diagnostic and Therapeutic Services	631,910	639,949	8,039	588,627	51,322	12.9%
Community Health Services	777,656	929,094	151,438	795,968	133,126	18.7%
Support Services	1,038,882	1,155,545	116,663	1,153,241	2,304	23.2%
Ancillary	21,134	20,785	(349)	19,005	1,780	0.4%
Total Expense by Function	\$4,505,390	\$4,975,869	\$470,479	\$4,710,291	\$265,578	

The COVID-19 pandemic continued to cause additional system pressures for the SHA. The SHA worked closely with the MoH to ensure planning met the current and future demands of the pandemic, including service slowdowns, resumptions, and the setup of COVID-19 related services such as contact tracing and vaccine clinics.

The distribution of expenses by object remained fairly consistent with the prior year (see table below). Salaries and benefits expenses were over budget and higher than the prior year due to the COVID-19 pandemic, which saw higher amounts of overtime, increased backfill and additional staff required to care for COVID-19 patients, conduct contact tracing, operate testing and assessment centres, answer increased HealthLine 811 calls, perform laboratory testing, assist in vaccine rollout and continue to operate the Emergency Coordination Centre. Non-compensation COVID-19 operating expenses increased significantly this year and included lab supplies, minor equipment, renovations, increased PPE usage and new expenses for rapid antigen test kits (\$34.7 million in 2021-22).

SHA CONSOLIDATED EXPENSES BY OBJECT COMPARISON TO THE BUDGET AND PRIOR YEAR

Expense by Object (In Thousands of Dollars)	Budget 2022	Actual 2022	Variance Over (Under)	Actual 2021	Increase (Decrease)	% of Total Expense 2022
Amortization	\$124,266	\$136,006	\$11,740	\$137,382	(\$1,376)	2.8%
Contracted-Out Services	126,622	181,102	54,480	127,354	53,748	3.6%
Drugs	68,524	89,813	21,289	70,223	19,590	1.8%
Grants	349,721	373,599	23,878	362,919	10,680	7.5%
Property Services	164,979	195,101	30,122	201,433	(6,332)	3.9%
Salaries and Benefits	2,829,688	2,967,796	138,108	2,825,315	142,481	59.6%
Physician Compensation	463,583	486,158	22,575	529,474	(43,316)	9.8%
Support Services	52,896	53,765	869	52,274	1,491	1.1%
Other	86,586	188,517	101,931	145,516	43,001	3.8%
Medical, Surgical, Lab, Diag and Prosthetics Supplies	238,525	304,012	65,487	258,401	45,611	6.1%
Total Expenses by Object	\$4,505,390	\$4,975,869	\$470,479	\$4,710,291	\$265,578	

The SHA received staff support for the COVID-19 pandemic from Statistics Canada, Canadian Red Cross and the Canadian Armed Forces. The salary costs were borne by the various organizations and the SHA has not been charged. In addition, the SHA received COVID-19 rapid antigen test kits for use in operations free of charge from the MoH.

During the year ended March 31, 2022, the SHA provided funding of \$105.9 million (\$106.4 million in 2020-21) to prescribed health-care organizations (HCOs) and \$246.9 million (\$241.5 million in 2020-21) to affiliates. Additional information can be found in Appendix D of the annual report on prescribed HCOs and affiliates.

CAPITAL

Capital investment for 2021-22 totalled \$162.5 million compared to \$170.4 million in 2020-21. The majority of funding was provided by the MoH with the remainder of the SHA's funding provided by various sources such as foundations and rural trust contributions. In addition, the SHA received freezers and fridges from the federal government of Canada and analyzers from the MoH at no cost. Major acquisitions include the progress of the Administrative Information Management System (AIMS), boiler replacements, water and sewer systems, generators and chillers, medical gas, duress upgrades, fire safety, multiple facility renovations, roofing replacements, Heating Ventilation Air Conditioning System, nurse call system upgrades, elevator projects and electrical renewal projects. Amortization expense was \$136.0 million (\$137.4 million in 2020-21).

DEBT

SHA's debt of \$61.3 million (2021 - \$79.0 million) is composed of banker's acceptances, mortgages, energy performance contract loans and debentures. The SHA saw a sizeable reduction in outstanding debt as there were a number of mortgages that came due and were paid out. Further information related to the SHA's debt is disclosed in Note 8 of the March 31, 2022 audited consolidated financial statements.

In addition, the SHA has approved consolidated operating lines of credit totaling \$63.2 million as of March 31, 2022.

OTHER

The SHA is responsible for managing various community trust funds. The community trust funds are restricted funds that reflect community generated assets transferred to the SHA in accordance with the pre-amalgamation agreements signed with the amalgamating health corporations in May 1993. Under the terms of the pre-amalgamation agreements, the assets are accounted for separately and use of the assets is subject to restrictions. Information regarding these funds can be found in Note 11 of the March 31, 2022 audited consolidated financial statements.

CONSOLIDATED FINANCIAL
STATEMENTS OF

SASKATCHEWAN HEALTH AUTHORITY

YEAR ENDED MARCH 31, 2022

INDEPENDENT AUDITOR'S REPORT

To: The Members of the Legislative Assembly of Saskatchewan

Opinion

We have audited the consolidated financial statements of the Saskatchewan Health Authority, which comprise the consolidated statement of financial position as at March 31, 2022, and the consolidated statements of operations, remeasurement gains and losses, change in net debt and cash flow for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of the Saskatchewan Health Authority as at March 31, 2022, and the consolidated results of its operations, remeasurement gains and losses, changes in net debt, and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Saskatchewan Health Authority in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards for Treasury Board's approval, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Saskatchewan Health Authority's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Saskatchewan Health Authority or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Saskatchewan Health Authority's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Saskatchewan Health Authority's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Saskatchewan Health Authority's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Saskatchewan Health Authority to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control identified during the audit.

Regina, Saskatchewan

The accompanying notes and schedules are part of these consolidated financial statements.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2022
(in thousands of dollars)

1. Legislative Authority

During 2017-18, the Saskatchewan Health Authority (SHA) was established pursuant to *The Provincial Health Authority Act* (the Act). The SHA is a not-for-profit organization and is not subject to income taxes and property taxes on certain properties, from the federal, provincial and municipal levels of government. The SHA is a registered charity under *The Income Tax Act* (Canada).

2. Significant Accounting Policies

These consolidated financial statements have been prepared in accordance with Canadian public sector accounting standards, issued by the Public Sector Accounting Board and published by Chartered Professional Accountants of Canada.

a) SHA reporting entity

The SHA's reporting entity includes the following organizations that are controlled by the SHA. These entities are consolidated after necessary adjustments to a basis consistent with the accounting policies of the SHA. The transactions and inter-entity balances between SHA and the following entities have been eliminated on consolidation:

- i) Health Shared Services Saskatchewan (3sHealth)
- ii) St. Paul's (Grey Nuns) of Saskatoon (St. Paul's)

b) Revenue recognition

Revenue is recognized in the period in which the transaction or events that give rise to the revenue as described below occur. All revenue is recorded on an accrual basis, except when the accrual cannot be determined with a reasonable degree of certainty.

i) Government transfers

Transfers from Ministry of Health (MoH), other Government of Saskatchewan ministries and agencies and other government entities are referred to as government transfers.

Government transfers are recognized as revenue in the period during which the transfer is authorized and eligibility criteria are met, except when and to the extent that transfer stipulations give rise to an obligation which meets the definition of a liability. Transfers meeting the definition of a liability are recognized as revenue as the liability is settled.

ii) Fees and charges, ancillary operations and other income

Fees and charges, ancillary operations, and other income are recognized in the period that goods are delivered or services are provided. Amounts received for goods or services that have not been provided by year-end are recorded as deferred revenue.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2022

(in thousands of dollars)

2. Significant Accounting Policies (continued)

b) Revenue recognition (continued)

iii) Donations, fundraising and non-government contributions

Donations, fundraising and non-government contributions are received from individuals, corporations, and other not-for-profit organizations. These contributions may be unrestricted or externally restricted.

Unrestricted contributions are recognized as revenue when received. Contributions with external restrictions are recorded as deferred revenue and are recognized as revenue when used for the specified purpose as outlined in Note 11.

In-kind donations of assets and materials from non-related parties are recorded as revenue at fair value at the date of contribution if a reasonable estimate can be made.

iv) Investment income

Investment income includes dividend income, interest income and realized gains or losses on the sale of investments. Unrealized gains and losses are recognized in the consolidated statement of remeasurement gains and losses until the related investments are sold. Once realized, these gains or losses are recognized in the consolidated statement of operations.

c) Cash

Cash is comprised of cash on hand and balances with a financial institution.

d) Non-financial assets

Non-financial assets are assets held for consumption in the provision of services. These assets do not normally provide resources to discharge the liabilities of the SHA unless they are sold.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2022
(in thousands of dollars)

2. Significant Accounting Policies (continued)

d) Non-financial assets (continued)

i) Tangible capital assets

Tangible capital assets are recorded at cost, while normal maintenance and repairs are expensed as incurred. Donated tangible capital assets are recorded at their fair value at the date of contribution (if fair value can be reasonably determined). During construction, these assets are recorded based on their percentage of completion and are disclosed as construction in progress. Amortization commences when the asset is put in service. Tangible capital assets procured through public private partnerships are valued at the total of the nominal value of progress payments made during or on completion of construction and the present value of the future capital payments, discounted to the date the asset is available for use, using the Government's borrowing rate for long-term debt at the time the agreement is signed.

Tangible capital assets, with a useful life exceeding one year, are amortized primarily on a straight-line basis over their estimated useful lives as follows:

Land improvements	2.5 to 33%
Leasehold improvements	4.0 to 50%
Building & improvements	2.0 to 20%
Equipment	2.5 to 50%

ii) Inventory held for consumption

Inventory consists of general stores, medical and surgical, pharmacy, and other inventory held for consumption. They are expensed as they are consumed. All inventories are held at the lower of net realizable value or cost as determined on a weighted average basis. Donated materials held in inventory are valued at fair value at the date of contribution if a reasonable estimate can be made.

iii) Prepaid expenses

Prepaid expenses are prepaid amounts for goods or services that will provide economic benefits in one or more future periods.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2022
(in thousands of dollars)

2. Significant Accounting Policies (continued)

e) Employee future benefits

i) Pension plans

Pension liabilities are calculated using the values as provided by the pension plan in the plan's audited financial statements, and for multi-employer plans the percentage of the SHA employees who are active plan members, as outlined in Note 14. Changes in the pension liabilities that result from adjustments in estimated gains and losses and changes in actuarial assumptions are amortized on a straight-line basis over the expected average remaining service life of the related employee group. Amortization commences in the year following the determination of the adjustment. Losses resulting from plan amendments are recognized in the period of the plan amendment.

ii) Disability income plans

Employees of the SHA participate in several disability income plans to provide wage-loss insurance due to disability. The SHA follows post-employment benefits accounting for its participation in the plans. Accordingly, the SHA expenses all contributions it is required to make in the year.

iii) Accumulated sick leave benefit liability

The SHA provides sick leave benefits for employees that accumulate but do not vest. The SHA recognizes a liability and an expense for sick leave in the period in which employees render services in return for the benefits. The liability and expense is developed using an actuarial cost method. Actuarial gains and losses are amortized on a straight-line basis over the expected average remaining service life of the related employee groups.

f) Obligation under long-term financing arrangement

The Meadows in Swift Current opened in May of 2016 with a Public Private Partnership (P3) agreement that extends to April 2046. The SHA amortizes the cost of the completed project over its useful life, expenses the annual interest, and settles the long-term liability to the private sector partner over the term of the agreement. In addition, life cycle, operations, and maintenance obligations are expensed as paid. Obligations under long-term financing arrangement are disclosed in Note 10.

The long-term receivable from the MoH is collected over the term of the funding agreement.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2022
(in thousands of dollars)

2. Significant Accounting Policies (continued)

g) Measurement uncertainty

In the preparation of the consolidated financial statements, management makes various estimates and assumptions in determining the reported amounts of assets and liabilities, revenues and expenses and in the disclosure of contingencies and contractual rights and obligations. Changes in estimates and assumptions will occur based on the passage of time and the occurrence of certain future events. The changes will be reported in revenues or expenses in the period in which they become known. Significant items subject to such estimates and assumptions include the estimated accumulated sick leave liability, other employee future benefits, inventory, donated salaries, and estimates of the useful lives of tangible capital assets.

h) Financial instruments

The SHA has classified its financial instruments into one of the following categories: i) fair value or ii) cost or amortized cost.

All financial instruments are measured at fair value upon initial recognition. The fair value of a financial instrument is the amount at which the financial instrument could be exchanged in an arm's-length transaction between knowledgeable and willing parties under no compulsion to act.

Freestanding derivative instruments continue to be measured at fair value. Gains and losses are recognized in the consolidated statement of remeasurement gains and losses until the instruments are derecognized.

The following financial instruments are subsequently measured at cost or amortized cost:

- i) Accounts receivable
- ii) Investments
- iii) Accounts payable and accrued liabilities
- iv) Debt

All financial assets are assessed for impairment on an annual basis. When a decline is determined to be other than temporary, the amount of the loss is reported in the consolidated statement of operations.

Related debt premium or discount and transaction costs are included in the carrying value of financial instruments recorded at cost or amortized cost and are amortized into interest expense using the effective interest rate method.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2022

(in thousands of dollars)

2. Significant Accounting Policies (continued)

i) Leases

Leases that transfer substantially all of the benefits and risks of ownership related to the leased property from the lessor to the SHA are accounted for as a capital lease. Other leases are accounted for as operating leases with contractual obligations disclosed in Note 6b).

j) New accounting standards in effect

A number of new Canadian public sector accounting standards and amendments to standards are not yet effective for governments and have not been applied in preparing these consolidated financial statements. The following standards will come into effect as follows:

- i) PS 3280 Asset Retirement Obligations (effective April 1, 2022) a new standard establishing guidance on the recognition, measurement, presentation and disclosure of a liability for retirement of a tangible capital asset.
- ii) PS 3400 Revenue (effective April 1, 2023) a new standard establishing guidance on the recognition, measurement, presentation and disclosure of revenue.
- iii) PS 3160 Public Private Partnerships (effective April 1, 2023) a new standard establishing guidance on the recognition, measurement, presentation and disclosure of infrastructure procured through certain types of P3 arrangements.
- iv) PSG-8 Purchased Intangibles (effective April 1, 2023) a new guideline permitting recognition of intangible assets that are acquired through an arm's length exchange transaction between willing parties.

The SHA plans to adopt these new standards on the effective date and is currently analyzing the impact this will have on its financial statements.

¹ Starting April 1 2018, the SHA adopted the capital threshold of \$5, assets under this value were written down.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2022

(in thousands of dollars)

4. Accumulated Surplus

Accumulated surplus is comprised of the following:

	March 31, 2021	Additions during the year	Reductions during the year	March 31, 2022
Invested in Tangible Capital Assets:				
Net book value of tangible capital assets	\$ 1,790,801	\$ 162,450	\$ 136,868	\$ 1,816,383
Less: Debt owing on tangible capital assets	(86,505)	(4,566)	(21,095)	(69,976)
	1,704,296	157,884	115,773	1,746,407
Government transfers for tangible capital assets	86,947	135,482	142,806	79,623
Donations	14,329	25,577	25,743	14,163
Canadian Mortgage & Housing Corporate Reserves	3,570	112	1,036	2,646
	104,846	161,171	169,585	96,432
Unrestricted surplus (deficit)	(288,019)	7,795	-	(280,224)
Total Accumulated Surplus from Operations	1,521,123	326,850	285,358	1,562,615
Accumulated Remeasurement Gains (Losses)	(1,399)	-	(1,954)	555
Total Accumulated Surplus	\$ 1,519,724	\$ 326,850	\$ 283,404	\$ 1,563,170

The purpose and nature of each category above is as follows:

- Government transfers for tangible capital asset expenditures represents the amount restricted by the board to allow for the renewal and replacement of equipment, buildings, and building service equipment.
- Donations represents the portion of accumulated surplus in relation to funds received as donations in the name of specific facilities or programs, however not with external restrictions attached.
- Canadian Mortgage and Housing Corporation (CMHC) Reserves represents the portion of accumulated surplus the SHA is required to maintain for certain replacement reserves as a condition of receiving subsidy assistance from CMHC.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2022
(in thousands of dollars)

5. Contractual Rights

SHA has the following contractual rights:

a) Rental revenue

Rental revenue of \$1.8 million (2021 - \$2.3 million) from contracts for retail space, non-profit activity or office space. Contract expiry terms range from April 30, 2022 to November 30, 2031.

b) Saskatchewan Housing Corporation (SHC) mortgage subsidy

SHC mortgage subsidy of \$3.5 million (2021 - \$4.3 million) for supportive care homes financed by CMHC. Contract expiry terms range from December 1, 2023 to February 1, 2030.

c) Ministry of Health grant

The SHA has a capital and operating project agreement with the Ministry of Health expiring March 31, 2023. This agreement outlines the SHA's requirement to undertake the implementation of the provincial health system's administrative information management system (AIMS) on behalf of the health system as a whole, and the Ministry's provincial assistance to assist the SHA in financing the cost of the project. The SHA expects to receive the remaining \$10.7 million under this project agreement prior to expiry (2021 - \$26.5 million).

The SHA has contractual rights for the next five years and thereafter as outlined in the table below:

	Rental Revenue	SHC Subsidy	Ministry of Health Grant	Total 2022	Total 2021
2022	\$ -	\$ -	\$ -	\$ -	\$ 28,325

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2022
(in thousands of dollars)

6. Contractual Obligations

a) Capital assets acquisitions

At March 31, 2022, contractual obligations for the acquisition and construction of tangible capital assets over the next five years and thereafter are as follows:

	Total 2022	Total 2021
2022	\$ -	\$ 86,509
2023	37,310	-
2024	-	-
2025	-	-
2026	-	-
2027 and subsequent	-	-

b) Operating leases

Minimum annual payments under operating leases on property and equipment over the next five years and thereafter are as follows:

	Total 2022	Total 2021
2022	\$ -	\$ 28,271
2023	24,701	19,788
2024	14,589	9,567
2025	7,525	4,862
2026	6,638	16,580
2027 and subsequent	25,500	-

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2022
(in thousands of dollars)

6. Contractual Obligations (continued)

c) Contracted Health Care Organizations (HCOs)

The SHA has agreements with and provides annual grant funding to HCOs for the delivery of health care services. Certain of these contracts have provisions for continuation of services and/or purchase of facilities in the event of termination. Services provided in the year ended March 31, 2022 will continue to be contracted for the following fiscal year. Minimum annual payments to HCOs over the next five years and thereafter are as follows:

	Total 2022	Total 2021
2022	\$ -	\$ 53,324
2023	69,480	51,758
2024	60,560	48,930
2025	55,378	48,768
2026	51,457	48,378
2027 and subsequent	51,551	-

d) Obligations under long-term financing arrangement

The SHA has contractual obligations in the form of a P3 agreement. Refer to Note 10 for this information.

7. Contingencies

The SHA, along with others, is a defendant to several claims, which have been brought against it over the years because of its medical operations. The SHA believes these claims are without merit or are covered by insurance in most cases. The SHA records a liability when the assessment of a claim indicates that a future event is likely to confirm that an asset had been impaired or a liability incurred at the date of the financial statements and the amount of the contingent loss can be reasonably estimated. Other settlements, if any, in excess of insurance coverage, would be accounted for as a charge against operations in the period in which settlements arise.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2022

(in thousands of dollars)

8. Debt

Title of Issue	Interest Rate	Annual Repayment Terms	Balance Outstanding	
			2022	2021
Banker's acceptances	1.34% to 5.03%	\$4.7 million principal & interest. Maturing April 5, 2022 to July 10, 2035.	\$ 48,683	\$ 62,210
CMHC mortgages	0.39% to 10.00%	\$2.1 million principal & interest. Renewal dates April 1, 2022 to February 1, 2030.	4,669	7,138
Energy performance contract loans	3.02% to 5.33%	\$1.4 million principal & interest. Mortgage renewal dates September 30, 2023 to May 1, 2027.	4,941	6,128
Other mortgages	3.13% to 6.65%	\$463.1 principal & interest. Renewal dates December 1, 2022 to June 1, 2025.	1,791	2,169
Other Debt: Debentures payable			1,255	1,397
			\$ 61,339	\$ 79,042

Principal repayments required in each of the next five years and thereafter are estimated as follows:

2023	\$ 6,867
2024	6,142
2025	6,780
2026	5,074
2027	4,997
2028 and subsequent	31,479

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2022
(in thousands of dollars)

8. Debt (continued)

a) Banker's acceptances

The SHA has reduced its exposure to interest rate fluctuations by entering into interest rate swaps on some of the banker's acceptances. As at March 31, 2022, the SHA had revolving credit facilities as per the table below:

Revolving Credit Facilities	2022		2021	
	Borrowing Limits	Balance Outstanding	Borrowing Limits	Balance Outstanding
			(Note 18)	
Banker's acceptances				
Jim Pattison Children's Hospital (JPCH) Construction	\$ -	\$ -	\$ 24,900	\$ 8,900
1984 Royal University Hospital Parkade Structure	15,500	15,400	15,500	15,400
Interest Rate Swaps:				
JPCH Early Works Project	20,219	20,219	21,437	21,437
Energy Performance Contracts	13,619	13,619	15,074	15,074
accumulated remeasurement (gains) losses	-	(555)	-	1,399
	\$ 49,338	\$ 48,683	\$ 76,911	\$ 62,210

The banker's acceptances are not secured. Interest paid on the banker's acceptances during the year was \$1.1 million (2021 - \$1.3 million).

The fair value of the interest rate swaps are recorded on the consolidated statement of financial position with changes in the fair value reflected in the consolidated statement of remeasurement gains and losses. For the year ended March 31, 2022 the market value gain on the interest rate swap was \$2.0 million (2021 – gain of \$2.2 million).

b) CMHC mortgages

SHC may provide a mortgage subsidy for supportive care homes financed by CMHC. The subsidy may change when the mortgage renewal occurs. For each of the mortgages, the SHA has pledged the related buildings of the special care homes as security, which have a net book value of \$47.1 million (2021 - \$54.8 million). Interest paid on mortgages during the year was \$146 (2021 - \$205). The average term to maturity is 3.8 years (2021 – 4.0 years).

c) Energy performance contract loans

Energy performance contracting is a unique program that allows the SHA to implement facility improvements, reduce energy costs, and improve health and comfort conditions. The projects are expected to provide utility cost savings that will pay for the cost and financing of the projects within an established period. Interest paid on the energy performance contract loans during the year was \$250 (2021 - \$316), and they are not secured. The average term to maturity is 3.5 years (2021 – 4.3 years).

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2022
(in thousands of dollars)

8. Debt (continued)

d) Other mortgages

Other mortgages include all non-CMHC mortgages, for which the SHA has pledged the related buildings as security, which have a net book value of \$6.6 million (2021 - \$7.1 million). Interest paid on other mortgages during the year was \$103 (2021 - \$122). The average term to maturity is 1.1 years (2021 – 1.5 years).

e) Debentures payable

The SHA owns and operates several accommodation units occupied by “unit holders.” In consideration for a life interest in a “right of use” of the accommodation unit, the unit holder contributes a lump sum deposit. In accordance with the debenture agreement, in the event of the death of the unit holder or termination of the occupant agreement by either party, the SHA is obligated to repay the unit holder or their representative the lesser of:

- i) The original sum; or
- ii) The fair market value of the holders’ right of use.

The debenture payable represents the accumulated amount of deposits received from the market unit holders. These debentures are non-interest bearing with no fixed terms of repayment. The specific land and buildings to which the debentures relate have been pledged as collateral.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2022
(in thousands of dollars)

9. Capital Lease Payable

As at March 31, 2022, the SHA has access to \$20 million (2021 - \$20 million) by way of a revolving lease line of credit.

Title of Issue	Interest Rate	2022	2021
Capital leases for equipment	0.00% to 13.93%	\$ 8,637	\$ 7,463

Interest paid on the above capital leases during the year was \$245 (2021 - \$194). The average term to maturity for the above leases is 2.8 years (2021 - 3.0 years). Principal repayments required in each of the next five years and thereafter are estimated as follows:

2023	\$ 3,317
2024	3,033
2025	1,616
2026	671
2027	-
2028 and subsequent	-

Closing net book value of leased tangible capital assets is as follows:

	Cost	Accumulated Amortization	Net Book Value
			2022 2021
Equipment	\$ 18,460	\$ 9,460	\$ 9,000 \$ 8,233

Assets under capital lease are included in tangible capital assets in Note 3. The assets are amortized on a straight-line basis over the economic life beginning in the year of acquisition. The amortization expense for the year is \$3.0 million (2021 - \$2.6 million).

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2022
(in thousands of dollars)

10. Obligations Under Long-term Financing Arrangement

In September 2014, the SHA entered into a P3 arrangement with Plenary Health Swift Current Limited Partnership for the design, build, finance, and maintenance of The Meadows in Swift Current (a long-term care facility). This P3 obligation is calculated using a discount rate of 3.50% that extends to April 2046.

The change in the obligation was as follows:

	Total 2022	Total 2021
Obligation, beginning of year	\$ 111,269	\$ 114,023
Payments	(2,850)	(2,754)
Obligation, End of Year	\$ 108,419	\$ 111,269

The SHA has the following payment schedule related to its P3 arrangement:

	Obligation	Life Cycle Payment	Contractual Obligation Operation & Maintenance Payments	Total 2022	Total 2021
2022	\$ -	\$ -	\$ -	\$ -	\$ 8,420
2023	6,616	239	1,640	8,495	8,495
2024	6,616	262	1,681	8,559	8,559
2025	6,616	282	1,723	8,621	8,621
2026	6,616	306	1,766	8,688	8,688
2027 and subsequent	132,868	17,029	46,492	196,389	196,389
Total minimum payments	159,332	18,118	53,302	230,752	239,172
Less interest costs	(50,913)	-	-	(50,913)	(54,679)
	\$ 108,419	\$ 18,118	\$ 53,302	\$ 179,839	\$ 184,493

11. Deferred Revenue

	Balance Beginning of Year	Less Amount Recognized	Add Amount Received	Balance End of Year
Community trusts	\$ 5,367	\$ 498	\$ 61	\$ 4,930
Donations	515	209	2	308
Endowments	815	-	9	824
Government of Saskatchewan	-	31,718	37,458	5,740
Other	1,884	2,057	1,945	1,772
Research	2,409	1,661	1,620	2,368
Total Deferred Revenue	\$ 10,990	\$ 36,143	\$ 41,095	\$ 15,942

The purpose and nature of each deferred category is as follows:

- Community trusts** – The community trust fund is a restricted fund that reflects community generated assets transferred to the SHA in accordance with the pre-amalgamation agreements signed with the amalgamating health corporations in May 1993. Under the terms of the pre-amalgamation agreements, the assets are accounted for separately and use of the assets is subject to restrictions.
- Donations** – Funds received from individuals, corporations and other not-for-profit organizations that are in the name of specific facilities or programs, with external restrictions as to how they are spent.
- Endowments** - Grants that must be maintained in perpetuity. Funds are recognized only when used for the purpose or purposes specified.
- Government of Saskatchewan** – Government transfers from the MoH with stipulations that give rise to an obligation which meets the definition of a liability.
- Other** – Unexpended revenue with stipulations or external restrictions for the use of funds.
- Research** - Funds received for which the contributor has placed restrictions on the use of the resources, for the purpose of research. Revenue for research is recognized as expenses are incurred as the research project progresses.

12. Net Change in Non-cash Working Capital

	Total 2022	Total 2021
(Increase) decrease in accounts receivable	\$ (18,680)	\$ 10,215
(Increase) decrease in inventory held for consumption	7,439	(52,067)
(Increase) decrease in prepaid expenses	(1,779)	2,668
Increase (decrease) in accounts payable and accrued liabilities	4,496	76,442
Increase (decrease) in deferred revenue	4,952	(6,105)
Increase (decrease) in employee future benefits	5,433	5,151
	\$ 1,861	\$ 36,304

13. Trusts Under Administration

a) Patient and resident trust accounts

The SHA administers funds held in trust for patients and residents using the SHA's facilities. The funds are held in separate accounts for the patients or residents at each facility. The total cash held in trust as at March 31, 2022 was \$3.8 million (2021 \$3.7 million). These amounts are not reflected in the consolidated financial statements.

b) Employee benefit plans transactions and assets

Included in these consolidated financial statements are expenses of \$14.0 million (2021 – \$11.7 million) relating to the operation of the employee benefit plans (EBP's). Accounts receivable includes \$1.5 million (restated 2021 – \$1.3 million) due from EBP's while accounts payable is nil (2021 – nil) related to expenses for the EBP's. The fair value of total assets and surplus net assets of the EBP's under 3sHealth's administration at December 31 are:

	2021		2020	
	Fair Value	Surplus	Fair Value	Surplus
Disability Income Plan – CUPE	\$ 85,940	\$ 51,235	\$ 83,374	\$ 49,392

14. Employee Future Benefits

a) Pension plans

Employees of the SHA participate in one of the following pension plans:

i) Multi employer joint defined benefit plan

Joint defined benefit plans are governed by a formal agreement between the joint sponsors, which establishes that the joint sponsors have shared control over the plan. Funding contributions are shared mutually between the employer and plan members. The sponsors share, on an equitable basis, the significant risks of the plan. Accordingly, the SHA accounts for only its portion of the plan. Plan assets and surpluses are restricted for member benefits or certain other purposes as set out in the agreement. Plan benefits are determined on the same basis as defined benefit plans.

The accrued benefit obligation is determined using the projected accrued benefit actuarial cost method. Pension fund assets are valued at market-related values by averaging the difference between the net investment income on a market-value basis and the expected investment income, based on expected rate of return on plan assets, over a five year period.

The SHA sponsors one joint defined benefit pension plan, Saskatchewan Healthcare Employees' Pension Plan (SHEPP). The SHA contributes to the plan at a ratio of 1.12 to 1 of employee contributions. Any actuarially determined deficiency is the responsibility of participating employers and employees in the ratio of 1.12 to 1. SHEPP and their governing body determine contribution rates. The SHA participating employer contributions for SHEPP represents approximately 89.75% of the total employer contributions to the plan.

Valuation allowance of Pension Asset (not available for employer use) ⁵	\$ 1,493,983	\$ 1,175,682
SHA Portion of Pension Liabilities (Assets)	\$ -	\$ -

¹ The plan assets had an actual rate of return of 9.9% (2021 - 11.0%).

² The market value of Plan investments at December 31, 2021 (the basis for our 2022 disclosure) is \$9.72 billion (2020 - \$8.89 billion); as at March 31, 2022 the market value is \$9.32 billion for plan assets of \$9.25 billion.

³ Unamortized estimation adjustments are amortized to pension expense commencing in the year following the adjustment up to 12.9 years.

⁴ The total pension liabilities (assets) is based on the latest actuarial valuation extrapolated to December 31, 2021. Changes in assumptions can result in significantly higher or lower estimates of pension liability. The pension liability would increase by \$1.16 billion or would decrease by \$931 million if the discount rate was decreased or increased by one percentage point respectively.

⁵ The SHA has not recorded any portion of the SHEPP pension asset as plan assets and surpluses are restricted for future member benefits.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2022

(in thousands of dollars)

14. Employee Future Benefits (continued)

a) Pension plans (continued)

ii) Defined contribution plan and other plans

SHA participates in several multi employer defined benefit pension plans including Regina Civic Employees' Superannuation and Benefit Plan (RCESP), Local Authorities Pension Plan (LAPP), and one defined contribution plan, Public Employees' Pension Plan (PEPP). The SHA follows defined contribution plan accounting for its participation in the plans. The SHA's financial obligation to these plans is limited to making the required payments to these plans according to their applicable agreements. Accordingly, the SHA expenses all contributions it is required to make in the year. Defined contribution plans provide pensions based on accumulated contributions and investment earnings. Employees contribute a percentage of salary.

Pension expense is included in Compensation – benefits in Schedule 1 and is equal to the SHA contributions amount below.

Below is a summary of the SHA defined contribution plans:

	LAPP ¹	RCESP ²	PEPP	Total 2022	Total 2021
Plan status	open	open	open		
Member contribution rate (% of salary) ³	7.45-11.80	8.80-13.10	5.00-7.60		
SHA contribution rate (% of salary) ³	8.45-12.80	9.80-14.60	5.00-7.60		
SHA participation					
Number of active members	165	1,510	204	1,879	1,955
Member contributions	\$ 609	\$ 7,678	\$ 1,190	\$ 9,477	\$ 10,191
SHA contributions	\$ 678	\$ 8,552	\$ 1,220	\$ 10,450	\$ 11,239

¹ Certain employees of the SHA participate in LAPP, a multi employer defined benefit plan. The plan decided to reduce the unfunded obligation through increased contribution rates to provide benefit security as at January 1, 2018 the plan was able to reduce contribution rates. At December 31, 2020 audited financial statements for LAPP reported an accrued benefit obligation of \$48.6 billion (2019 - \$42.6 billion) and pension fund assets at market value of \$53.6 billion (2019 - \$50.5 billion).

² Certain employees of the SHA participate in RCESP a multi employer defined benefit plan. The plan was amended effective January 1, 2016. Employers agreed to amortize the unfunded liability over a twenty year period. In respect to the pre-amended deficit, the employer/employee contribution rates changed from an equal cost sharing to 60:40 contribution ratio. The sharing of future deficits shall be in accordance with the new funding policy. At December 31, 2020 audited financial statements for RCESP reported an accrued benefit obligation of \$1.6 billion (2019 - \$1.5 billion) and pension fund assets at market value of \$1.7 billion (2019 - \$1.6 billion).

³ Contribution rate varies based on employee group for PEPP.

b) Disability income plans

Employees of the SHA participate in one of the following disability income plans administered by 3sHealth:

- i) General established in 1975
- ii) CUPE established in 1975 – affiliated with the Canadian Union of Public Employees
- iii) SEIU-West established in 1975 – affiliated with the Service Employees International Union
- iv) SUN established in 1982 – affiliated with the Saskatchewan Union of Nurses

The SHA's financial obligation to these plans, is limited to making the required payments to these plans according to their applicable agreements. Disability expense is included in Compensation – benefits in Schedule 1 and is equal to the SHA contributions amount below.

	General	CUPE	SEIU
Number of active members	5,703	11,174	8,511
Member contribution rate (% of salary)	0.00-0.57 ¹	1.18	1.14
SHA contribution rate (% of salary)	0.57-1.13 ¹	1.18	1.14
Member contributions	\$ 2,619	\$ 5,100	\$ 3,865
SHA contributions	\$ 2,935	\$ 5,100	\$ 3,865
	SUN	Total 2022	Total 2021

14. Employee Future Benefits (continued)

c) Accumulated sick leave benefit liability

The cost of the accrued benefit obligations related to sick leave entitlement earned by employees is actuarially determined using the projected benefit method prorated on service and management's best estimate of inflation, discount rate, employee demographics and sick leave usage of active employees. The SHA has completed an actuarial valuation as of March 31, 2022. Key assumptions used as inputs into the actuarial calculation are as follows:

	2022	2021
Discount rate	3.10%	2.20%

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2022
(in thousands of dollars)

15. Budget

The SHA board approved their 2021-2022 budget plan on June 23, 2021, while the 3sHealth board approved their budget plan on March 25, 2021.

16. Financial Risk Management

The SHA has exposure to the following risks from its use of financial instruments: credit risk, market risk and liquidity risk.

The Board ensures that the SHA has identified its major risks and ensures that management monitors and controls them. The Board oversees the SHA's systems and practices of internal control, and ensures that these controls contribute to the assessment and mitigation of risk.

a) Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. The SHA is exposed to credit risk from the potential non-payment of accounts receivable. The majority of the SHA's receivables are from MoH – General Revenue Fund, Saskatchewan Workers' Compensation Board, health insurance companies or other provinces. Therefore, the credit risk on accounts receivable is minimal. The SHA is also exposed to credit risk from cash and investments.

The SHA manages its credit risk surrounding cash and investments by dealing solely with reputable banks and financial institutions, and utilizing an investment policy to guide their investment decisions. The SHA invests surplus funds to earn investment income with the objective of maintaining safety of principal and providing adequate liquidity to meet cash flow requirements.

Management reviews accounts receivable to determine if a valuation allowance is necessary to reflect impairment in collectability.

The aging of Ministry of Health and other accounts receivable as at March 31, 2022 was:

	Total	0-30 Days	30-60 Days	60-90 Days	Over 90 Days
Accounts receivable					
Ministry of Health - General Revenue Fund	\$ 109,919	\$ 17,850	\$ -	\$ -	\$ 92,069
Other	134,727	41,684	7,215	4,463	81,365
Gross Receivables	244,646	59,534	7,215	4,463	173,434
Allowance for doubtful accounts	(50,357)	(812)	(176)	(46)	(49,323)
Net Receivables	\$ 194,289	\$ 58,722	\$ 7,039	\$ 4,417	\$ 124,111

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2022
(in thousands of dollars)

16. Financial Risk Management (continued)

b) Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates or interest rates, will affect SHA's income or the value of its holdings of financial instruments. The objective of market risk management is to control market risk exposures within acceptable parameters while optimizing return on investment.

i) Foreign exchange risk

Foreign exchange risk is the risk the fair value of financial instruments denominated in a foreign currency will fluctuate because of changes in the foreign exchange rates. The SHA operates within Canada, but in the normal course of operations is party to transactions denominated in foreign currencies. The SHA believes that it is not subject to significant foreign exchange risk from its financial instruments.

ii) Interest rate risk

Interest rate risk is the risk the fair value of future cash flows or a financial instrument will fluctuate because of changes in the market interest rates. Financial assets and financial liabilities with variable interest rates expose the SHA to cash flow interest rate risk.

The SHA's investments include guaranteed investment certificates and term deposits bearing interest at coupon rates. As at March 31, 2022, the interest rates on the investments held by the SHA bear minimal risk and therefore the overall risk to the SHA due to fluctuating interest rates is minimal. Although management monitors exposure to interest rate fluctuations, it does not employ any interest rate management policies to counteract interest rate fluctuations.

The majority of the SHA's long-term debt outstanding as at March 31, 2022 and 2021 has fixed interest rates. The SHA has entered into interest rate swaps to effectively fix the interest rates, and further reduce the interest rate risk, on certain debt. Refer to Note 8 for this information.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2022
(in thousands of dollars)

16. Financial Risk Management (continued)

c) Liquidity risk

Liquidity risk is the risk that an organization is not able to fulfill its financial obligations as they become due.

The SHA manages liquidity risk by continually monitoring actual and forecasted cash flows from operations and anticipated investing and financing activities. The SHA relies on grants from the MoH through the General Revenue Fund. To obtain sufficient funds, the SHA provides the Ministry with capital and operating budgets and quarterly forecasts.

As at March 31, 2022, the SHA is committed to the following liabilities, including principal and interest, based on the expected undiscounted cash flows from the reporting date to the contractual maturity date:

	Carrying amount	Due in less than 1 year	Due in 1-3 years	Due in 3-5 years	Due after 5 years
Accounts payable and accrued liabilities	\$ 589,484	\$ 589,456	\$ 28	\$ -	\$ -
Debt	61,339	6,867	12,921	10,072	31,479
Capital lease payable	8,637	3,317	4,649	671	-
Obligations under long-term financing arrangement	108,419	2,949	6,210	6,649	92,611
Total Financial Liabilities	\$ 767,879	\$ 602,589	\$ 23,808	\$ 17,392	\$ 124,090

Fair value of interest rate swaps

The fair value of the interest rate swaps are recorded in the consolidated statement of financial position with changes in fair value reflected in the consolidated statement of re-measurement gains and losses. Accordingly, the determination of fair value requires judgment and is based on market information where available and appropriate. Fair value measurements are categorized into levels within a fair value hierarchy based on the nature of the inputs used in the valuation. The interest rate swap is determined to be Level 1, where by quoted prices are readily available from an active market, and no items have transferred between hierarchy levels 1 to 3.

At March 31, 2022 the market value gain on the interest rate swap was \$2.0 million (2021 – gain of \$2.2 million).

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2022
(in thousands of dollars)

16. Financial Risk Management (continued)

c) Liquidity risk (continued)

Lines of credit

The SHA has several approved operating lines of credit totaling \$63.2 million (2021 - \$63.2 million). Interest rates vary from prime minus 1% to prime. Total interest paid on the lines of credit in 2022 was \$315 (2021 - \$281).

17. Related Parties

These consolidated financial statements include transactions with related parties. The SHA is related to all Saskatchewan Crown Agencies such as ministries, corporations, boards, and commissions under the common control of the Government of Saskatchewan, as well as its key management personnel and their close family members. Additionally, the SHA is related to organizations where they have key management personnel and/or their close family members in common. Transactions with these related parties are in the normal course of operations and are settled on normal trade terms, except for the following. The SHA administers certain vaccines (e.g., COVID-19 vaccines) owned and controlled by the Ministry of Health at no cost. In addition, the SHA received COVID-19 rapid test kits for use in operations free of charge that the Ministry of Health owns and controls.

18. Comparative Information

Certain of the comparative figures have been reclassified to conform to the financial statement presentation adopted in the current year.

19. COVID-19 Pandemic

The COVID-19 pandemic has caused material disruption to the health sector and the Authority's operations. Future potential impacts include disruption of supply chain, challenges with remote or unavailable workforce, and increased medical litigations. COVID-19 is an ever changing environment, and response requirement can change significantly; therefore it is not possible to determine if there are significant additional impacts on current operations or reported asset and liability values.

20. Restructuring – Alberta Health Services Continuing Care Services

An agreement has been reached between Alberta Health, Alberta Health Services (AHS), Saskatchewan Ministry of Health and SHA to voluntarily terminate the Master Services Agreement – Continuing Care Services at Dr. Cooke Extended Care Centre (DCEC) and Lloydminster Continuing Care Centre (LCCC) and initiate the transition in operational responsibility from Saskatchewan Health Authority to Alberta Health Services.

SASKATCHEWAN HEALTH AUTHORITY

Notes to the Consolidated Financial Statements

Year ended March 31, 2022
(in thousands of dollars)

20. Restructuring – Alberta Health Services Continuing Care Services (continued)

On December 19, 2021, the SHA transferred the responsibility of the ongoing operation of DCEC and LCCC. The carrying amount of the assets transferred of \$92 is recorded as an expense during the year. The SHA incurred \$15 in restructuring costs related to employees completing AHS required education, and this cost was recovered from AHS as part of the transfer. The total expense recorded for restructuring is \$107.

Compensation was paid to AHS of \$36 for the net transfer of accounts receivable, accounts payable and accrued liabilities, and restructuring costs.

	DCEC	LCCC	TOTAL
Carrying amount of assets and liabilities transferred at restructuring date:			
Accounts receivable	\$ (8)	\$ -	\$ (8)
Accounts payable and accrued liabilities	30	29	59
Tangible capital assets	(135)	(8)	(143)
Total Net Carrying Amount Transferred	\$ (113)	\$ 21	\$ (92)

21. Subsequent Events

The SHA and Extendicare (Canada) Inc. (Extendicare) have agreed to work collaboratively to transfer responsibility of long-term care services at Extendicare's five long-term care homes in Saskatchewan to the SHA. Discussions are underway, and the transition in operational responsibility and potentially the related assets and liabilities from Extendicare to SHA will happen in the fiscal year ended March 31, 2023.

For the March 31, 2023 fiscal year, the SHA's reporting entity is expected to change and no longer include 3sHealth due to changes to *The Health Shared Services Saskatchewan (3sHealth) Act*. These changes are expected to occur prior to March 31, 2023 and will include changes to 3sHealth's governance structure. This will result in a change to the requirement to consolidate 3sHealth for the fiscal year ended March 31, 2023.

Enterprise Initiatives Support

18. Raynelle Wilson, VP Enterprise Initiatives Support, Regina

Appendix C : Union Relations

The majority of the SHA's employees belong to one of five unions. Unions provide their members with advice and support and bargain with the Saskatchewan Association of Health Organizations (SAHO) Inc. to establish terms and conditions of employment, including wages and benefits. The SHA and unions work together to ensure high quality, timely care for patients and to provide a safe environment free of physical, emotional or psychological harm for patients and health-care providers. In 2020, for example, SHA, SAHO and all five health-care unions signed a letter of understanding to support the creation of six temporary labour pools and the cohorting of staff to address health-care needs related to COVID-19. Union members provide services in long-term care, home care, acute care, health-care centers, public health, mental health and community health.

SHA's union partners are:

- The Saskatchewan Union of Nurses (SUN): SUN represents more than 10,500 SHA registered nurses, registered nurse practitioners, registered psychiatric nurses and graduates.
- The Health Sciences Association of Saskatchewan (HSAS): HSAS represents approximately 4,000 SHA employees. Roles include pharmacists, addictions counsellors, dietitians, audiologists, emergency medical services staff, epidemiologists, infection control practitioners, occupational and physical therapists, health inspectors and psychologists.
- The Canadian Union of Public Employees (CUPE), the Service Employees International Union-West (SEIU-West) and the Saskatchewan Government and General Employees Union (SGEU): CUPE, SEIU-West and SGEU represent SHA's health-care providers. They work in a variety of medical and non-medical positions. Included are environmental services, food services, continuing care aides, licensed practical nurses, cooks, medical lab and diagnostic technologists, maintenance staff, clerical workers, porters, and purchasing, health records and registration clerks.
 - CUPE represents approximately 13,400 SHA employees in the former Prairie North, Prince Albert Parkland, Regina Qu'Appelle, Sun Country and Sunrise health regions.
 - SEIU-West represents more than 12,100 SHA employees in the former Cypress, Five Hills, Heartland and Saskatoon health regions as well as staff at Meadow Lake Clinic in the former Prairie North Health Region.
 - SGEU represents approximately 1,700 SHA employees in the former Kelsey Trail, Keewatin Yatthé and Mamawetan Churchill River health regions.

Appendix D: Funded Organizations

PRESCRIBED HEALTH-CARE ORGANIZATIONS (HCOs)

The SHA has entered into agreements with those who meet the definition of prescribed HCOs pursuant to the Act to provide health services.

These organizations receive operating funding from the SHA on a monthly basis in accordance with budget amounts approved annually. During the year ended March 31, the SHA provided the following amounts to prescribed HCOs:

	2022	2021
	(000's of dollars)	(000's of dollars)
615672 Saskatchewan Ltd.	\$ 606	\$ 571
